DREER'S 1891

Autumn Catalogue

Bulbs, Plants, Seeds &c.

General Directions to Correspondents.

PHILADELPHIA, September 1st, 1897.

The attention of our customers is respectfully called to the following directions, which will if followed, be an aid to purchasers as well as to ourselves.

**POSTAGE PAID.**—We deliver, postage paid, to any Post Office in the United States, Bulbs, Plants and Seeds, when ordered at Catalogue prices, except where otherwise noted.

**CANADA POSTAGE.**—Remit for postage at the rate of 8 cents per pound or fraction thereof for all seeds. For Peas, Beans, Corn, and other goods that are excepted in body of Catalogue, remit double that amount for postage. Seed, Plant and Bulb postage from the United States to Canada is double that of the United States.

**EXPRESS.**—It will be very much cheaper to the purchaser if Bulbs and Seeds are ordered to be sent by Express or Rail at their expense. In all cases where possible we advise our customers to have plants forwarded by Express, as larger and finer plants can be sent, and "extras" are added to help defray charges. Plants and Bulbs are now taken by the Express Companies at a reduction of twenty per cent. from the regular rates for merchandise.

**BAGGAGE MASTER DELIVERIES** are very convenient to points within twenty-five miles of Philadelphia. Charges for packages not exceeding 10 lbs. 5 cents, 25 lbs. 10 cents, 50 lbs. 15 cents.

**RAIL OR STEAMER.**—Fertilizers, Implements and miscellaneous bulky or heavy articles can be sent only by Express, Rail or Steamer, at the purchaser’s expense.

**PACKING.**—No charge is made for boxes or packing, nor for Delivery to Freight Depots or Express Offices in Philadelphia.

**REMITTANCES** should be made by Post Office Money Order, Drafts on Philadelphia or New York Banks, or Express Money Orders. We disclaim all responsibility when remittances are not made as above directed. Where it is not possible to obtain these, the letters should be registered. Postage Stamps will be found a convenient method of remitting for small amounts, and can be used by us to advantage. Coin should not be sent by mail.

**CASH WITH ORDER.**—Please send money with the order sufficient to cover the whole bill, to facilitate the execution of your orders. During the busy season, to make out bills for customers, charge, and in a few days receive the money, make the proper credit and send receipt, requires more work than we can readily perform.

**NEW CUSTOMERS.**—Orders from parties unknown to us, to insure prompt attention, must be accompanied by a remittance or by satisfactory reference to some responsible house or to some person of our acquaintance. We decline sending goods "Collect on Delivery" to parties unknown to us unless remittance be made on account to guarantee acceptance.

**ORDER EARLY.**—It will greatly facilitate shipments if orders are sent in early. We aim to send off all orders the same or next day after receipt, but during the busy season it is nearly impossible—hence the advisability of ordering early.

**TIME OF SHIPMENT.**—The majority of Fall Bulbs are ready to ship by the second week in September; a few sorts, which are noted in Catalogue, do not mature until October and November. Unless otherwise instructed we will send the early Bulbs as soon as ready, and the late maturing sorts when in good condition to ship.

**ERRORS.**—We exercise the utmost care in filling orders, striving to do a little more than we offer; yet in the press of business errors sometimes occur, in which event we wish to be promptly notified of the fact, and will make such corrections as will be satisfactory. Please keep copies of all your orders for comparison.

**SAFE ARRIVAL OF PACKAGES.**—We endeavor to secure the safe arrival of packages of Seeds, Bulbs and Plants in good condition in every case. If a package is injured or lost, by Mail or Express, we will replace it as soon as informed of the fact. Frequently it happens that orders never reach us, or are without signature. When customers fail to receive their packages in a reasonable time, they should inform us and at the same time send a copy of their order and any other information necessary to trace the goods. Complaints must be made on receipt of goods.

**NAME AND ADDRESS.**—Please remember to write your Name, Post Office, County and State; also give number of street or P. O. Box, as distinctly as possible; also the nearest Express Office, or, if on Stage route, send us special direction, giving us the name of the Express Company delivering goods.

**NON-WARRANTY.**—We wish it to be distinctly understood that, although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this catalogue will be executed on these conditions only.

To the lover of flowers, there is no class of plants so much prized as those which are produced from bulbs. The reason is easily found, because within the bulbs are stored all the future glory of leaves and flowers, only requiring the simplest culture to develop them in their highest perfection. Success is therefore the rule, and to the many amateurs who year after year give much of their time and attention to the cultivation of various plants with little success, our advice is,

**TRY SOME BULBS.**

Another reason why bulbs are prized so highly is that a large number of them produce their flowers in very early spring, when the rest of Nature is asleep. Then it is that a clump of Snowdrops, Scillas, or Chinodoxas impart to the garden an air of warmth and cheer that cannot be accomplished in any other way. Following these modest flowers come the showier Crocus, Narcissus, Hyacinths, Tulips, Iris, etc., etc., in all their dashing colors, keeping up a continuous display well into the summer. With no other material can be secured such a wealth of charming flowers of infinite variety of form and coloring, with so little trouble and at so small an outlay.

**TIME OF PLANTING.**

To the beginner, we would particularly emphasize the fact that *now and not spring-time* is the time to plant all kinds of spring flowering bulbs. The larger part of the bulbs offered in this catalogue reach us from Holland early in September, and the sooner they are planted after that—the greater will be the measure of success; therefore,

**ORDER EARLY.**

**Plant in Open Ground.** As a general rule the bulbs should be planted in October or November, so that the roots may make a good growth before the cold weather sets in, but they can be set out even later if the bulbs remain sound, and the ground is not frozen. They require a moderately rich soil that has been well manured for previous crops, or else apply well-rotted cow manure or bonedust; fresh manure is injurious to bulbs. The soil should be well drained; standing water is injurious, and no good results can be obtained without free drainage. A small quantity of sand or fine coal ashes at the base of each bulb when planted in stiff soil will be beneficial. In planting, the bulbs should be placed from an inch to four inches below the surface, according to size of the bulb.

When the ground freezes hard the bed should be covered with three or four inches of coarse litter, which should be removed in early spring. Too early and heavy covering starts the tops prematurely, which are frequently injured in March by freezing and thawing. After flowering, if the beds are wanted for late spring plantings, take up the bulbs, tops and roots, and "heel in" by covering entire until the bulbs mature. After which they should be spread out in an airy room to dry and kept in a cool, dark place until time for replanting.

**FOR BLOOMING IN POTS.**

Bulbs intended for blooming during the winter can be planted from September until November in pots, pans or boxes, and be left in the open air, covered with a few inches of tan or soil, until the earth begins to freeze, and then be placed in a cool greenhouse, cellar or room, at a temperature of 50°. They will need, occasionally, moderate watering after they are brought inside. Or the pots, pans or boxes may be placed at once after potting in a cool, dark cellar, watering well and covering the same as above. The whole success of pot culture depends upon keeping the roots well established in the pots, at a low temperature of say 40° to 50°, before you begin to force the tops at 60° to 70°. After this the bloom is easily developed by giving light and water, and one can have a supply of bloom from Christmas until Easter by regulating the time of bringing them to the light.

**SPECIAL OFFER OF OUR NEW BOOKS.**

We will give any one of the above books as a premium on orders amounting to $2.50 or over, and any two on orders amounting to $5.00 or over, or the set of three on orders amounting to $7.50 or over, provided the order is accompanied by remittance.
HYACINTHS, Mixed Sorts.

IN SEPARATE COLORS.

These are selected unnamed sorts, and are chiefly used for outdoor planting, but can also be used for pot culture, although we advise using the selected named varieties offered on the following pages for this purpose.

If desired by mail, add 10 cts. per dozen for postage. Single bulbs mailed free.

MINIATURE OR DUTCH ROMAN HYACINTHS.

These little Hyacinths are excellent for growing in pots, pans or boxes, blooming early and freely, often producing 3 or 4 spikes. They may be planted close together in the pots, pans or boxes, or in beds in the open ground with charming effect. We can furnish them in any of the following colors, viz.: Pure White, Blush White, Dark Red,

Pink, Dark Blue, Light Blue, or All Colors Mixed.

5 cts. each; 30 cts. per doz.; $2.00 per 100; $16.00 per 1000. Add 8 cts. per dozen on Miniature Hyacinths for postage, if wanted by mail. Single bulbs mailed free.

EARLY FLOWERING ROMAN HYACINTHS.

A charming class of Hyacinths, producing graceful, delicately perfumed spikes of flowers. They force readily in the house. Three bulbs can be put in a 4-inch pot, and as each bulb produces several spikes it makes a beautiful plant for conservatory or house decoration. Their treatment is identical with the Dutch Hyacinths, which see.

Early White. Pure white, one of the most valuable plants for cut flowers. Millions of these are annually forced in the United States. If potted in September, can be had in flower from November till January.

Selected bulbs, 5 cts. each; 50 cts. per doz.; $3.00 per 100; $28.00 per 1000.

Early Dark Rose. Semi-double, deep pink. 5 cts. each; 35 cts. per doz.; $2.25 per 100.

Early Light Rose. Double, beautiful pale rose. 5 cts. each; 35 cts. per doz.; $2.25 per 100.

Early Blue. Light blue, a fine contrast to the other colors. 5 cts. each; 35 cts. per doz.; $2.25 per 100.

Early White Italian or Parisian. A little later in flowering than the Romans. Much larger spikes. 5c. each; 50c. per doz.; $2.25 per 100.

Add 8 cts. per dozen for postage on Roman Hyacinths, if wanted by mail. Single bulbs mailed free.
CHOICE NAMED HYACINTHS.

The Hyacinth is so well known and esteemed that any description of its many good qualities is needless. The list now offered includes nearly every shade of red, white, blue, yellow, etc. The varieties enumerated below have been selected for their distinct coloring and free flowering qualities, and are all first size selected bulbs, specially suited for growing in pots or glasses. While higher in price than ‘mixtures,’ they give corresponding returns, and for beds or borders where sharp contrasts are desired they are indispensable.

Outdoor Culture.—The bulbs may be planted any time from October to December. They succeed in any good, well-drained garden soil. Set the bulbs so that the tops will be 3 or 4 inches below the surface and 6 to 10 inches apart. Before very severe weather comes on, cover the beds with straw, leaves or manure to protect them from frost, but care should be taken that this covering is not too thick, as the bulbs are as likely to be injured by being kept too warm as by freezing; this should be removed in March.

Pot Culture.—Planted in well-drained soil, the bulbs, when received, may be planted in pots for forcing in a cool cellar or greenhouse, and set away with the bulb just above the surface. After potting give a good watering and set away in a cool cell or greenhouse and cover over with coal asis or some litter, until thoroughly rooted; they may then be brought as wanted for a succession of flowers into a moderately warm, light room.

Culture in Glasses.—When it is desired to grow Hyacinths in water, they should be placed so that the base of the bulb merely touches the water. The glasses should then be set in a cool, dark closet, or in the cellar, until filled with roots, when they may be brought into the light. Give as much fresh air as possible without letting the plants stand in a draught, and as nearly as possible at a temperature of sixty degrees.

(If wanted by mail, add 15 cts. per dozen for postage. Single bulbs mailed free.)

SINGLE RED, ROSE AND PINK.

Von Schiller. Deep pink, with crimson stripe. 12 cts. each, $1.25 per doz.

SINGLE PURE AND TINTED WHITE.

Alba Superbissima. Pure white, large... $0 10 85
Baroness van Thun. Pure white. A splendid variety for forcing and bedding... 12 cts. each, $1.25 per doz.
Grandeur a Merveille. Finest blush-white; large truss of bloom... 10 85
Grand Vedette. Snow white; very early... 10 1 00
La Franchise. Rosy white; very large bulb... 10 1 00
La Grandesse. This is the finest pure white. See colored illustration on front cover... 12 1 25

COLLECTIONS OF HYACINTHS FOR BEDS

FEW bulbs can be used for bedding with such good effect as Hyacinths, and every spring they form one of the features of the principal public parks, and, considering the little trouble necessary for their care and the low cost of planting a good-sized bed, it is a matter of comment that larger plantings are not seen in private gardens. While mixed Hyacinths in the separate colors are well adapted for bedding purposes, yet where a special design is wanted in which the colors must be sharp and distinct, we advise using the named varieties. Not only do you then get the requisite colors, but at the same time much finer individual spikes of flower which well repay for the slight increase in cost.

Cultural directions will be found on page 4. We might add that Hyacinth bulbs in some soils do well for a number of years without lifting or replanting. After the bloom is over, the beds may be sown or planted with shallow-rooting plants, such as Petunias, Verbena, Portulaca, etc., etc., which will keep the beds bright throughout the summer and in no way hurt the bulbs.

The size of the following beds are 6 feet in diameter, plant outside row 3 inches from edge of bed; each bed requires 108 bulbs, planted 6 inches apart each way.

CIRCULAR BED OF HYACINTHS.

**COMBINATION "A."** Price, $5.75.
1st row (outside) 33 Veronica, Carmine-red.
2d " 27 Baroness van Thuyll, Pure White.
3d " 21 Charles Dickens, Blue.
4th " 15 Grandeau A'Merveille, Blush.
5th, " (centre) 12 Baron van Thuyll, Purple.

**"QUAKER CITY" BED OF HYACINTHS.**
A Most Dainty Combination. Price, $6.00.
Space No. 1. 48 Baroness van Thuyll, Pure White.
" 2. 30 Leonidas, Lavender.
" 3. 30 Gigantea, Pink.

**COMBINATION "B."** Price, $5.75.
1st row (outside) 33 Leonidas, Lavender.
2d " 27 Grand Vedette, Snow White.
3d " 21 Robert Steiger, Crimson.
4th " 15 Marie, Deep Blue.
5th, " (centre) 12 Gertrude, Rose.

**"INDEPENDENCE" BED OF HYACINTHS.**
A Bold and Effective Bed. Price, $5.75.
Space No. 1. 32 Alba Superbissima, Snow White.
" 2. 35 Veronica, Bright Red.
" 3. 35 Regulus Porcelain Blue.

As the above Collections are too heavy to be sent by mail, they will be forwarded by express or freight at customers' expense.

The combinations of colors in any of the Beds will be changed, if so desired, at the same cost.
WHAT we say on the preceding page about the Hyacinth as a bedding plant is equally true of the Tulip. Many brilliant color effects are possible with Tulips that cannot be produced with any other plant. The culture is the same as for the Hyacinth, only, being perfectly hardy, they do not require to be covered so heavily through the winter, but merely enough to keep the frost from throwing them out of place. When through flowering, the bulbs may be lifted and dried off, and used another year, or they may be left in the ground and the beds filled in the same way as suggested for Hyacinth beds.

The following Beds are 6 feet in diameter and require 156 bulbs, planted 5 inches apart each way. They are composed of combinations of the four grand Tulips shown in colors on the back cover of this Catalogue.

"FAIRMOUNT" Bed of Tulips.

As Collections are too heavy to be sent by mail they will be forwarded by freight or express at customers' expense.

"FRANKLIN" Bed of Tulips.

DESIGNS AND ESTIMATES ON LARGER BEDS GIVEN ON APPLICATION.
THE Tulip is always attractive from its beauty and brilliancy of color, and is one of the most popular of early spring flowers. A few bulbs scattered here and there produce but little effect, but when planted in masses, or in small groups, they become at once grand and brilliant, and eclipse, in variety of coloring and picturesque effect, almost any other flower. Our collection is unusually fine, embracing all the choicest varieties. Tulips require cultural treatment similar to Hyacinths; the bulbs, being smaller, should not be planted so deep. All the varieties named below are well adapted for pot culture, especially the Duc Van Thol sorts, which can be forced into bloom for Christmas with but little trouble. Put 3 bulbs in a 4-inch pot.

The figures prefixed indicate the average height in inches of each variety.

**BEST SINGLE EARLY VARIETIES, For Forcing and Bedding.**

*See colored illustrations of four Grand Bedding Tulips on back cover of this Catalogue, and offer of sets composed of the same on page 7.*

A Book on Bulbs. "Bulbs and Bulbous Plants," by the well-known horticultural writer, C. L. Allen, gives full directions for the culture of all kinds of bulbs. Price, $2.50, postpaid.
DOUBLE TULIPS.

While not equal to the single in brilliancy, the double varieties last much longer in bloom. The early varieties, such as Due Van Thol, Murillo, Titian, Rex Ruborum, and the Tournesols are excellent for forcing. The later sorts will not bear forcing as well as the early varieties, but are very effective in beds or borders. The height of each in inches is prefixed.

1. Couronne d’Or. (Crown of Gold.) Golden-yellow; beautiful. 10 Doz. $15 80; 50 Doz. $15 00. 8 20 1 25
2. Duke of York. Rose-white; very showy. 6 20 1 25
3. Due Van Thol. Red and yellow. 8 20 1 00
4. Gloria Solis. Deep crimson, with gold margin. 8 20 1 25
5. Imperator Ruborum. Bright scarlet; fine forcing. 8 25 3 25
6. La Candeur. Pure white; early. This sort, planted in connection with Rex Ruborum, makes an effective display. 20 1 00
7. Marriage de ma Fille. Crimson and white, banded and striped. 10 12 25 3 00
8. Murillo. Rose, with white; distinct and fine. 10 12 3 50
9. Rex Ruborum. Bright scarlet; large and showy. 10 30 2 00
10. Rose Blanche. Pure white; fine. 8 25 1 50

DOUBLE MIXED TULIPS.

Dreer’s Superb Mixture. A grand mixture of early flowering sorts, growing the same height and blooming together; a large variety of colors. 20 cts. per doz., $1.00 per 100, $8.00 per 1000.

Fine Quality Mixed. A mixture of the cheaper sorts. 15 cts. per doz., 75 cts. per 100, $5.00 per 1000.

Double Late Mixed. These come into flower from a week to 10 days later than the above, many of this section bear immense flowers of brilliant colors. 20 cts. per doz., $1.00 per 100, $8.00 per 1000.

PARROT or DRAGON TULIPS.

Very large flowers of singular and picturesque forms and brilliant colors, very beautiful and interesting. The petals are curiously fringed or cut. They form extravagantly showy flower beds, are of endless variety of form and color, and should be grown in every flower garden in quantities.

Monstre Cramoisie. Very large; deep crimson, with large black, star-shaped centre; flower and bulbs larger than other sorts, and sure to flower. 1 Doz. $1.00; 12 cts. 35 cts.; 100, $2.50.

Parrot, Mixed Colors. In great variety. 1/2 Doz. 8 cts.; 20 cts.; 100, $1.25; 1000, $10.00.

LATE OR MAY-FLOWERING GARDEN TULIPS.

The following Tulips are very desirable for outdoor planting, as they come into bloom when the early sorts have passed their prime, and thereby prolong the show of Tulip flowers at least two weeks. They are grand as cut flowers, particularly Gesneriana and Reuton d’Or.

Bizarres. Yellow ground, with purple, crimson, or red markings. 8 20 08 20 1 00
Bybloemens. White ground, with purple, lilac or violet markings. 8 20 1 25
Roses. White ground, with scarlet, pink or red markings. 8 25 1 50

Gesneriana Scarlet. The tallest, largest-flowered and showiest of all Tulips for bedding out in masses. Height, 2 feet; color rich crimson scarlet, with blue-black centre. 10 25 1 50

Bouton d’Or. The only late pure deep yellow, a grand Tulip. 10 35 2 50
Golden Eagle. This might be called Yellow Gesneriana, similar in every way except color, which is golden-yellow; fine. 10 25 1 50

Yellow Crown. Deep yellow, distinctly edged with red. 10 25 1 50
Picotee or Maiden’s Blush. Pure white, edged with clear pink; very dainty. 15 50 3 50

Greigii, A very handsome and distinct species; flowers very large, of brilliant orange-scarlet, foliage spotted. 15 cts. each. $1.50 per doz.

COLLECTIONS OF DOUBLE TULIPS.

45 Bulls, 3 each of the 15 named varieties above. $1.25
90 “ 6 “ 15 “ “ “ 2.25
180 “ 12 “ 15 “ “ “ 4.00

If wanted by mail, add 5 cts. per doz. for postage. 1/4 dozen mailed free at prices given.
Narcissus or Daffodils... 

There are no hardy plants which have more points of merit than the Narcissus. Perfectly hardy, growing and doing well in almost any and every position, sun or shade, moist or dry. All conditions seem to suit it, and every vacant corner in the garden, amongst the grass, under the trees, etc., etc., could not be used to better advantage than by filling with Narcissus. They are equally desirable for pot culture for winter flowering. 3 or 4 bulbs can be put into a 5-inch pot, and with the same treatment as given to Hyacinths, the dull winter and early spring months can be made bright with their exquisite gold and silver blossoms. But it is outdoors that Narcissus do best, and once planted need no further attention, the clumps multiplying and giving larger and finer results each year, and from an original planting of a few hundred bulbs in two or three years may be cut thousands of flowers without missing them. Within the past few years giant strides have been made in developing new and improved varieties. Our collection is made up of the best in each class for all purposes.

Large Trumpet Varieties.

Albicans. "The Great Spanish Daffodil," Perianth white, large bold primrose trumpet changing to pure white, elegantly fringed. 10 cts. each, $1.00 per doz.

Bicolor Grandee. Flowers of the largest size, with broad, pure white petals and yellow trumpets. 12 cts. each, $1.25 per doz.

Emperor. A magnificent flower; perianth deep primrose; trumpet large, rich yellow. The finest daffodil in cultivation when grown in rich, moist, well-drained soil. 20 cts. each, $2.00 per doz.

Empress. Perianth snow-white, trumpet rich yellow, serrated and flanged at the edges, large in outline, and of rare beauty for cutting. 20c. each, $2.00 per doz.

Golden Spur. Large, spreading full, deep yellow perianth; trumpet golden-yellow. A charming, richly perfumed flower, and one of the very best of the Golden Trumpets. In favorable situations the flower stalks attain a height of 2 feet. 10 cts. each, $1.00 per doz., $5.00 per 100.

Henry Irving. Remarkable for its deep yellow, imbricated, wheel-shaped perianth and large trumpet of a lovely golden-yellow hue. 10 cts. each, $1.00 per doz., $5.00 per 100.

Horsfieldi. A Royal flower as to size and color; perianth pure white; trumpet rich yellow. It comes into bloom early, and is one of the very finest for ladies’ wear. 10 cts. each, $1.00 per doz., $5.00 per 100.

Maximus. "Hale’s Vase of Beaten Gold." A grand deep golden-yellow flower. For cutting this variety is unexcelled. 8 cts. each, 75 cts. per doz., $3.50 per 100.

Princeps. A magnificent flower, and one of the finest specimens of the trumpet type. As a forcing variety it is superior in every way; perianth pale sulphur; trumpet rich yellow. 3 for 10 cts., 30 cts. per doz., $2.00 per 100.

Rugulosus. Sulphur perianth, with golden-yellow trumpet. This variety looks exactly like Emperor only a trifle smaller. 5 cts. each, 50 cts. per doz., $3.50 per 100.

Trumpet Major. A large and shapely flower of a rich yellow color; an excellent sort for forcing or bedding. 3 for 10 cts., 90 cts. per doz., $2.00 per 100.

Collections of Large Trumpet Narcissus.

11 Bulbs, 1 each of the varieties above .................. $1.00
33 " 3 " " " " " .................. 2.75
66 " 6 " " " " .................. 5.00
162 " 12 " " " " .................. 9.00
If wanted by mail, add 5 cts. per doz. for postage. Single bulbs mailed free.
Nonsuch, Peerless, Chalice-cupped, or Star Narcissus.

This class comprises some of the most beautiful and graceful forms of the genus.

**Barrii Conspicuus.** Perianth sulphur; broad spreading cup; magnificently illuminated with scarlet; a most distinct and beautiful sort; the admiration of every one, and should be in every collection. (See cut.) 15 cts. each, $1.50 per doz.

**Incomparable, Single.** Yellow, with orange cup. 3 for 10 cts., 25 cts. per doz., $1.50 per 100.

**Incomparabilis Figaro.** Perianth lemon yellow; cup large, spreading and stained orange-scarlet; a large and well-formed flower. 3 for 10 cts., 30 cts. per doz., $2.00 per 100.

**Sir Watkin.** "Giant Chalice Flower" or "Big Welshman;" a gigantic flower, the largest in this section; perianth sulphur yellow; cup slightly deeper in color and tinged with orange; fine for pot culture. (See cut.) 20 cts. each, $2.00 per doz.

**Stella.** One of the first to bloom; flowers star-shaped; pure white with yellow cup; large wonder-fully free blooming and one of the very best for general decoration or for cutting. 3 for 10 cts., 25 cts. per doz., $1.50 per 100.

**Collections of Star Narcissus.**

**Special Low Offer of Mixed Single Narcissus.**

These are suitable for naturalizing in grass or for garden decoration, and are just the thing to plant in masses for cutting. The mixture includes many fine sorts. 20 cts. per doz., $1.00 per 100, $8.00 per 1000. Add 5 cts. per doz. to price of Narcissus if wanted by mail; single bulbs mailed free.
DOUBLE DAFFODILS

No collection is complete without the double-flowering sorts. While not as attractive as many of the single varieties, they possess a charm peculiarly their own. They are excellent for forcing, and will thrive equally well in the house or open ground, being perfectly hardy.

Van Sion (Trionumus plenus). The famous old Dutch Daffodil; a lovely shade of golden-yellow; flowers large and of fine form. 3 for 10 cts., 30 cts. per dozen, $2 per 100, $18 per 1000.

Incomparable (Butter and Eggs). Orange and yellow; of large size and good shape. 3 for 8 cts., 20 cts. per dozen, $1.25 per 100.

Orange Phoenix (Eggs and Bacon). Light citron and orange; an excellent flower for forcing. 5 cts. each, 40 cts. per dozen, $3 per 100.

Alba Plena Odorata (Poeticus Plenus). Gardenia Daffodil. Double, pure white; very sweet-scented. This beautiful variety cannot be forced, but millions are grown in the open ground for supplying the cut-flower markets of Europe. 20 cts. per dozen, $1 per 100, $8 per 1000.

Special Low Offer of MIXED DOUBLE DAFFODILS.

For planting among shrubbery or in unused corners, where they may remain undisturbed for years, these are, without doubt, one of the best of the hardy bulbs, coming into bloom early, and supplying an unfailing source for cut flowers; should be planted extensively in every garden either alone or with the single sorts offered on preceding page. 20 cts. per dozen, $1 per 100, $8 per 1000.

Double Daffodils by mail, 5 cts. per dozen extra for postage.

POLYANTHUS NARCISSUS.

Beautiful, free-flowering, deliciously sweet-scented flowers, of the easiest culture; suitable for forcing or for garden decoration. They bear tall spikes of bloom, with from 6 to 20 flowers each. Bulbs planted in the open border in October and November stand the winter with slight protection.

Early Double Roman. White, with orange centre; very fragrant. 3 for 10 cts., 30 cts. per dozen, $2.00 per 100.

Grand Monarque. Grown a lovely primrose shade; a very effective flower. 5 cts. each, 50 cts. per dozen.

Grand Primo. Cup citron, perianth pure white; excellent for cutting. 5 cts. each, 50 cts. per dozen.

Grand Soleil d'Or. A charming rich yellow flower, with deep, red-b diss cup. Thousands of this variety are grown for sale in the London market. 3 cts. each, 30 cts. per dozen, $2.50 per 100.

Paper White. The principal early forcing variety; snow-white. Can be had in flower from November to March with a little care. 3 for 10 cts., 25 cts. per dozen, $1.50 per 100.

Paper White, Large-flowered. An improved form of the Paper White. The flowers are star-shaped, very beautiful, and emit a delicious odor. 3 for 10 cts., 30 cts. per dozen, $2.00 per 100.

Staten General. White, with citron cup, fading to pure white. 5 cts. each, 50 cts. per dozen.

White Pearl. Large, pure, satiny white; beautiful. 5 cts. each, 50 cts. per dozen.

Mixed Polyanthus Narcissus. 3 for 10 cts., 25 cts. per dozen, $1.50 per 100.

If Polyanthus Narcissus are wanted by mail, add 10 cts. per dozen for postage; single bulbs mailed free.
Hoover Petticoat Narcissus.

**Bulbocodium.** Exceedingly pretty flowers, of a rich, golden-yellow. It is a gem for pot culture and edgings, and bears from 6 to 12 flowers to each bulb. 7 cts. each, 75 cts. per doz., $6.00 per 100.

**Bulbocodium Monophyllum (Chief).** Pure white; very early blooming, 7 cts. each, 70 cts. per doz., $3.00 per 100.

**Jonquils.**

Very popular flowers on account of their easy cultivation and delightfully fragrant golden-yellow blooms. They can be readily forced in the house, or planted in the open ground for early flowering. If planted in the same situation with Anemones, both will bloom at the same time, and form a charming contrast. The single are the most desirable.

**Campernelle.** The best of the Jonquil section; perianth 6-lobed, spreading, and of a light yellow color. 3 for 8 cts., 20 cts. per doz., $1.00 per 100.

**Single.** Rich yellow; perianth deeply lobed. 3 for 8 cts., 20 cts. per doz., $1.00 per 100.

**Double.** Full, double, golden-yellow. 5 cts. each, 50 cts. per doz., $4.00 per 100.

**Crocus.**

This brilliant and universally admired spring flower will thrive in any soil or situation, but to be brought to the highest perfection it should be grown in an open bed or border of deep, rich, sandy loam. When planted in large groups or lines of distinct colors, the effect is very striking, and the bulbs are now offered so cheap as to justify their liberal use. They are invaluable for pot-culture. To secure a succession of blooms commence planting early in October. 6 or 8 bulbs in a pot (the named varieties are best for this purpose), using rich soil, and planting about an inch deep. Place the pots on a surface of ashes, cover the top 1 inch deep with soil, until the leaves appear, when they may be removed to the house.

**NAMED CROCUS.**

These are large bulbs of the best and most beautiful varieties, and are remarkable for richness of color, and the immense size of their flowers.

By mail postpaid at these rates, 15 cts. additional per 100.

**AUTUMN FLOWERING CROCUS.**

**Colchicum Autumnale.** (Meadow Saffron.) Very effective and handsome hardy plants, the flowers of which come through the ground without the leaves in the fall, the leaves appearing the following spring. The flowers comprise many shades of white, purple, rose, striped, etc. 5 cts. each, 50 cts. per doz., $3.50 per 100.

**Colchicum Parkinsoni.** A distinct and beautiful sort, remarkable for the peculiar arrangement of color in its flowers, they being checkered with dark purple on a white ground, unique. 7 cts. each, 75 cts. per doz., $5.00 per 100.
AGAPANTHUS (AFRICAN LILY).
Splendid ornamental plants, bearing large clusters of bright blue and pure white flowers on long flower stalks, and lasting a long time in bloom. There is no finer plant than this for outdoor decoration, planted in large pots or tubs on the lawn, terrace or patio. It does well in the house or greenhouse in winter, requiring but slight protection. It is a rapid grower and gross feeder, and the chief point in its cultivation is to divide the plants before the pots or tubs become overcrowded with roots. Strong clumps. Ready in November.

Single. Bright blue. 20 cts. each, $2.00 per doz.
Double. Pure white. 40 cts. each, $4.00 per doz.

ALLIUMS.
Bulbous plant of the very easiest culture, requiring little attention and giving good returns.

Neapolitanum. An excellent variety for winter flowering, extensively forced by florists for cut-flowers. Its flower-stems are 20 inches high, supporting a large cluster of delicate white starry flowers; sure to bloom splendily in any window. 3 for 10 cts., 25 cts. per doz., $1.25 per 100.

Hermetti grandiflorum. A variety similar to the preceding, but dwarfer, and more adapted for pot culture. 3 for 10 cts., 20 cts. per doz., $2.00 per 100.

Aureum (Golden Allium). Perfectly hardy; blooms in June. 3 for 10c., 25c. per doz., $1.50 per 100.

AMARYLLIS.
Splendid flowering bulbs, suitable for greenhouse, room or garden cultivation. For indoor use they should be grown in pots, well-drained loam, in a soil of equal parts of peat, leaf-mold and loam. After flowering, the bulbs must be ripened off by discontinuing water as the foliage shows signs of dying. When at rest, store away in a dry, cool place, leaving the bulblets in the pots.

Belladonna major (Belladonna Lily). Rose, shaded purple. 15c. each, $1.50 per doz.
Formosissima (Jacobean Lily). Crimson; blooming early in the summer. 10 cts. each, $1.00 per doz.

Johnsonii. Very large flower, of a rich crimson-scarlet color striped with white. 25 cts. each; extra large bulbs, 40 cts. each.

Regina (Queen Lily). Red and white. 25 cts. each.

Vittata Hybrids. Beautiful red and white striped varieties; procured from one of the leading European specialists. 50c. each. 2 each of the 5 Amaryllis for $1.00.
ANOMATHECA CRUENTA.
A pretty little bulbous plant from South Africa, which is quite hardy with slight protection, but does best when grown in frames or a cool greenhouse. Grows 8 to 12 inches high, producing in quantity pretty flowers ½ inch across of a dazzling rosy carmine color, with a dark crimson spot on the three lower petals; a good companion plant and fine contrast to the Freesia, which it somewhat resembles. (See cut) 3 for 12 cts., 40 cts. per doz., $2.50 per 100.

BABIANA.
A charming genus with leaves of darkest green, thickly covered with downy hairs, and bearing showy spikes of flowers. They should have the protection of a cold frame, and are very successfully grown in pots. Height, 6 to 9 inches.

Mixed Varieties. 5 cts. each, 50 cts. per doz., $3.50 per 100.

BRODLEA.
Handsome bulbous plants from the Pacific Slope, blooming in pendent clusters on long slender stems. It is easily forced, and may be grown in the greenhouse or cold-frame, or, if planted out in clumps or masses, will flower freely in June or July. Perfectly hardy.

Coccinea (Floral Firecracker). Flowers ½ to 2 inches long; a rich glowing crimson, tipped with pea-green; a striking plant. 3 for 12 cts., 10 cts. per doz., $3.00 per 100.

Mixed Varieties. In many beautiful colors. 3 for 10 cts., 50 cts. per doz., $2.00 per 100.

CALLA

Volubilis (Twining Hyacinth). A curious variety of recent introduction. The stems begin twining as the tiny flower buds appear, and when fully developed the loose umbels of beautiful waxy pink flowers are borne aloft 3 to 5 feet, and can be trained on a trellis in odd arrangement. 10 cts. each, $1.00 per doz.

White Calla (Richardia Aethiopica). The White Calla, or Lily of the Nile, is a well-known plant of easy culture, and in winter is one of our best window plants. To aid profuse blooming, keep them dormant from the middle of June to last of August, re-pot in good rich soil, using a 4 to 6 inch pot, give water, light and heat in abundance, and the result will be most satisfactory. Dry roots, 15 cts. each, $1.50 per doz.; extra large, 20 cts. each, $2.00 per doz.

Spotted-Leaf Calla (Richardia alba maculata). The leaves of this variety are deep green, with numerous white spots, which give the plant a very ornamental appearance. The flowers are pure white, with a black centre; they grow freely either indoors or out. 10 cts. each, $1.00 per doz.

1 BULB EACH OF THE 4 CALLAS, FREE BY MAIL FOR 50 CENTS.

LILIES.

Dwarf White Calla, Little Gem. A new miniature variety of the White Calla, from the Channel Islands, growing from 9 inches to one foot in height; it is very free-flowering and fine for pot culture. The flowers are less than one-half the size of the common variety and can be used to good advantage in bouquets, etc. Has been awarded several certificates of merit. 15 cts. each, $1.50 per doz.

Black Calla (Arum Sancutum). This interesting variety from the Holy Land resembles in habit and foliage the White Calla, with flowers of a rich purple color over a foot in length and 4 to 6 inches across; the spike or spadix is about 10 inches long, and of an ebony-black color. (See cut.) 15 cts. each, $1.50 per doz.
**CROWN IMPERIALS.**

Very showy and stately early spring blooming plants, among the very first to flower after frost has departed. The flowers are bell-shaped, and are borne in a whorl at the top of the plant, which grows from 3 to 4 feet high. The Crown Imperial will grow well in any good garden soil, and if it can be said to have preferences, it is for a deep loam. At the time of planting the soil should be deeply trenched and well manured. They should be planted as soon as possible after they are received in this country, as they become weakened if left too long out of the ground. They should be planted 2 or 3 in a clump, 6 inches deep, and then left alone for years. When established they flower abundantly, and the stems should not be cut off, but allowed to decay naturally. To cut them away is to rob the plant of some of its strength. It has also been noticed that the bulbs flower better after a hot summer, the supposition being that they become well ripened after a hot, dry season. A slight covering during winter will be beneficial.

**Superfine Mixed.** Including red, yellow and shades of orange, 10 cts. each, $1.00 per doz.

Add 3 cts. each for postage.

**CALOCHORTUS**

(Mariposa, or Butterfly Tulip).

Very beautiful California bulbs, blooming in summer. The flowers are of rich and brilliant colors in various shades of white, purple and yellow, borne on stiff, slender stalks. 8 to 20 inches high, from a few to 15 or 20 flowers on a stalk.

**Mixed.** A selection of the hardiest varieties. 3 for 10 cts., 30 cts. per doz., $2.00 per 100.

---

**CHIONODOXA**

*(Glory of the Snow).*

These are among the most beautiful of our early spring flowering bulbs, coming into flower soon after the snow is gone. Grows well in any good garden soil, and when once planted requires no further care. Looks best when planted in lines or clumps of 100 or more bulbs.

**Lucilia.** Flowers of a brilliant sky-blue color, with white centre. 3 for 8 cts., 20 cts. per doz., $1.25 per 100.

**Lucilia Gigantea.** A very distinct and beautiful species, with very large flowers of soft lavender blue, with white centre. 3 for 8 cts., 20 cts. per doz., $1.50 per 100.

**Sardensis.** A strikingly beautiful brilliant gentian-blue flower. A gem among spring bulbs. 3 for 8 cts., 25 cts. per doz., $1.50 per 100.

**Thouled.** A comparatively new sort; bearing very large flowers of deep indigo blue. 3 for 8 cts., 25 cts. per doz., $1.50 per 100.

**Rosea.** A new and handsome variety; flowers, of large size, are of a bright rose-pink, making a fine contrast to the blue sorts. 7 cts. each, 75 cts. per doz., $5.00 per 100.

**GIANT CYCLAMEN.**

There are few winter flowering bulbs more attractive than the Cyclamen, being an ideal plant either for greenhouse or window decoration. Not only are they beautiful when in flower, but the foliage is also highly ornamental, being beautifully mottled, and they are therefore highly decorative even when not in flower. The Giant strain here offered is much superior to the old type; being of more robust growth and throwing the large flowers well above the handsome foliage.

It is often a hard matter to get dry bulbs started into growth. We have, therefore, concluded to send out only nicely started bulbs, which we feel sure will produce grand results, having been grown from our own choice strain of seed.

**Each.**

| Giant Pure White | $0.25 | $2.50 |
| White, with carmine eye | 0.25 | 2.50 |
| Crimson | 0.25 | 2.50 |
| Rose, with dark eye | 0.25 | 2.50 |
| Mixed varieties | 0.20 | 2.00 |

(If wanted by mail, add 5 cts. each for postage.)

---

"Bulbs and Tuberous-rooted Plants," a new book by the well-known horticultural writer, C. L. Allen.

Price, - - - $2.00, postpaid.
**DIELYTRA SPECTABILIS**

(Bleeding Heart).

A well-known beautiful plant, which blooms early in spring, producing racemes of delicate white and pink heart-shaped flowers. Ready in November. 15 cts. each, $1.50 per doz.

**ERANTHIS HYEMALIS**

(Winter Aconite).

The Winter Aconite is a pretty little yellow flower, valuable for its early blooming, and contrasting well with the Snowdrops, which are the only flowers to keep it company at the early season in which it blooms. 3 for 8 cts., 20 cts. per doz., $1.00 per 100.

**ERYTRONUM GRANDIFLORUM.**

A beautiful hardy plant, especially suited to moist, shady situations; the leaves are handsomely variegated, flower stems about a foot high, bearing 8 to 10 cream-colored, lily-like blossoms; does well in pots. 3 for 10 cts., 33 cts. per doz., $2.50 per 100.

**FUNKIA**

(Plantain Lily).

Handsome hardy plants, with delicate blue and white flowers. Their requirements are few, and they grow to perfection in ordinary garden soil. (Ready in November.)

**Japonica.** Blue flowers, borne in long panicles, 15 cts. each, $1.50 per doz.

**Japonica Alba.** Pure white, lily-like, fragrant flowers. 15 cts. each, $1.50 per doz.

If wanted by mail, add 5 cts. each for postage.

**FREESIA.**

This is one of the most beautiful of all Cape bulbs, possessing a peculiar grace of form, and its fragrance is most delightful, one pot of five or six bulbs being sufficient to perfume a whole house. As cut flowers they are extremely valuable, the unexpanded blooms opening in water fill the air with the most delicate perfume, and their endurance is really remarkable. They force very easily, and can be had in flower at Christmas, and continue in succession until June. When potted these should not be placed in a dark place like most other bulbs, but should be put directly in the light.

**Freesia Refracta Alba.** Pure white; delightfully fragrant. 3 for 5 cts., 15 cts. per doz., $1.00 per 100. $8.00 per 1000.

**Freesia Leichtlinii.** Large, pure yellow; fragrant. 3 for 10 cts., 30 cts. per doz., $2.00 per 100.

**FRITILLARIA MELEAGRIS**

(Snake's Head, or Guinea Hen Flower).

An elegant species growing from 10 to 18 inches high, bearing in spring curious drooping bell-shaped flowers, most of which are very oddly marked, many being checkered and splashed white and purple, cream and maroon, etc., etc. Mixed colors, 3 for 10 cts., 25 cts. per doz., $1.50 per 100.

**GLADIOLUS, "The Bride."**

A lovely pure white form of the Gladiolus-Catullii. The flowers are freely borne on long stems, and can be forced into bloom at a time when flowers are scarce. Six bulbs can be planted in a 6-inch pot. Equally good for forcing or blooming in the open. 2 for 5 cts.; 20 cts. per doz., $1.00 per 100; by mail, 25 cts. per 100 extra.

**GLOXINIA.**

We have been making a specialty of the Gloxinia for several years, and have succeeded in producing a strain of unvalued beauty. The flowers are borne well above the foliage on strong stems. The colors comprise blue, purple, rose, white, and red of various shades. (Ready in November.) 20 cts. each, $2.00 per doz.

**HEMEROCALLIS (Day Lily).**

(Ready in November.)

**Fulva** (Orange Lily). One of the very best plants for mixing in shrubbery or planting on the edges of ponds or streams. Orange, shaded crimson. 15 cts. each, $1.50 per doz.

**Flava.** Beautiful yellow, dwarf variety. 15 cts. each, $1.50 per doz.

If wanted by mail, add 5 cts. each for postage.

**IXIAS.**

These charming half-hardy bulbs are very ornamental for indoor culture, or planted outdoors in well-drained and protected borders. They are graceful in growth. The flowers are of the most brilliant, rich and varied hues.

**Ixias Crateroides.** Fiery scarlet, large blooms. 3 for 10 cts., 25 cts. per doz., $1.50 per 100.

**Ixias Viridiflora.** A curiosity, one of the few plants bearing a green flower, the color being a beautiful tea-green with a dark eye, very effective. 3 for 10 cts., 30 cts. per doz., $2.25 per 100.

**Ixias Mixed.** All colors. 3 for 5 cts., 15 cts. per doz., $1.00 per 100.
IRIS

(Flowering Flag—Fleur-de-Lis),

Hardy spring and summer-blooming plants, bearing large, rich and various colored flowers. They are of easy culture, and thrive in any good garden soil. The whole family have claims on the attention of amateurs, on account of their excellent faculty of taking care of themselves if properly planted in the first instance. The tuberous or bulbous-rooted kinds do not require a rich soil, but a sandy loam will suit them well. The English and Spanish varieties should be planted out in clumps where they may be seen to advantage. The crown of the bulb must not be more than 3 inches below the surface. From September to December will answer for planting, and the roots may be taken up when the flowering period is over, or if the space is not wanted they can be allowed to remain for the following season; but they should not be grown in one spot for more than three years. No garden should be without some of the varieties, especially as they are valuable for cutting.

ENGLISH IRIS

(I. Anglica).

Large, handsome flowers, with rich purple, blue and lilac colors predominating; grows 18 to 20 inches high; perfectly hardy. Mixed varieties, $1.25 per doz. (See cut.)

MOURNING IRIS

(I. Susiana).

In that wonderful combination of form and coloring of the rare sweet flower we call the Iris (eye of heaven) there is none so peculiarly beautiful as Susiana. It stands out in its own right as the grandest of all species, and without compare. The ground-work of the flower is silvery gray, so mottled and veined and lined with dark chocolate and black as to leave one under the impression that it is only a silver lining showing through. It is hardy with slight protection in winter, blooming early in spring. No description can do it justice. It must be seen to be appreciated. 20 cts. each, $2.00 per doz.

PEACOCK IRIS

(I. Pavoata).

An exquisite small variety; flowers pure white, with a blue triangle on each petal; 1 foot. 5 cts. each, 50 cts. per doz.

SPANISH IRIS

(I. Hispanica).

Excellent for pot culture, and are now being grown for cut-flowers. Plant in the open ground in autumn and protect slightly during the winter months.

GERMAN IRIS

(I. Germanica).

READY IN OCTOBER.

Well known as the "Fleur-de-Lis," the national flower of France. They are perfectly hardy, thrive anywhere, grow and bloom luxuriantly, particularly if plentifully supplied with water, or if planted in moist situations, as on the banks of ponds, etc. Plants well established produce from 50 to 100 spikes of bloom, the flowers rivaling in beauty the finest Orchids—color ranging through richest yellows, intense purples, delicate blues, soft mauves, beautiful claret-reds, whites, primroses and bronzes of every imaginable shade. Ten choice named varieties, 15 cts. each, or $1.25 per set of 10. For names and descriptions see our Spring Catalogue, page 142. Mixed varieties, 10 cts. each, $1 per doz.

JAPAN IRIS

(I. Kamfperi).

READY IN OCTOBER.

These beautiful Iris are quite distinct from all others, and form groups of handsome, large flowers, varying in color and richly mottled. They are perfectly hardy, and flower in great profusion in June and July. They thrive best in damp situations, and in dry weather should be freely watered. Twenty-four magnificent named varieties, 25 cts. each, or the set of 24 for $4.50; for names and descriptions see page 142 of our Spring Catalogue. Mixed varieties, 15 cts. each, $1.50 per doz.

If wanted by mail, add 5 cts. per root to the price of German and Japan Iris; other varieties mailed free.
LACHENALIA.

This beautiful genus of half-hardy bulbs is comparatively new in this country, owing, no doubt, to the hitherto prohibitive price. The few specimens exhibited at horticultural shows create quite a sensation, owing to their profusion of bloom and their bright, diversified colors, as well as their ornamental foliage. Of easiest growth; can be had in bloom at Christmas, and lasts for a very long time.

Lachenalia Pendula. Vigorous species; bright red, tipped with sea-green and purple. (See cut.) 20 cts. each, $2.00 per doz.

Lachenalia Tricolor. Very free-flowering; spotted yellow flowers, margined with green and red; early. 20 cts. each, $2.00 per doz.

LEUCOJUM VERNUM

(Spring Snowflake).

Pretty bulbous plants allied to the Snowdrop, hot of much stronger and bolder habit, growing in rich soil from 1 to 2 feet high, and producing freely beautiful large white flowers distinctly tipped with green, excellent for cutting. When once planted they take care of themselves and should have a place in all hardy collections; can also be grown in pots. 3 for 10 cts., 30 cts. per doz., $2.00 per 100.

NERINE SARNIENSIS

(Guernsey Lily).

A beautiful and easily grown variety of Amaryllis, bulbs potted from September till November flower freely throughout the winter months. The lily-like blossoms are a brilliant crimson, and in sunlight appear as if sprinkled with gold dust; decidedly one of the best winter flowering bulbs. 15 cts. each, $1.50 per doz.

LILY OF THE VALLEY.

One of the most charming of spring flowering plants, bearing slender stems set with tiny bells, which diffuse a delicious odor. They are largely used for forcing in winter and can be flowered in the house. To secure good results, the pips or crowns should be kept in a cold place until wanted for flowering. If they have been kept in a frozen state, they should be gradually thawed out before placing in heat. They should not be allowed to become dry, or the labor spent will be in vain. If to be forced in greenhouses, the pips should be placed on the benches and covered with moss, and kept in a steady temperature of 70 to 75 degrees. Water should be liberally supplied and the pips shaded with cloth until the stems are 2 or 3 inches high, when the shading should be removed in order to develop the flowers. The pips we offer are the best quality German, and have been grown in deep, sandy land. Ready for delivery in November.

Selected Pips. For forcing. 25 cts. per doz., bundles of 25 for 40 cts., $1.50 per 100, $14.00 per 1000. If wanted by mail, add 5 cts. per doz. for postage.

Strong Clumps. For outdoor planting. 25 cts. each, $2.50 per doz.

Clumps can only be sent by express or freight; purchaser paying charges.
These are profuse bloomers, and very attractive in the greenhouse or conservatory during the winter. Plant 3 or 4 bulbs in a pot; the pot should be kept near the glass, to prevent the fumes from growing too long.

Bowlèi, Brilliant rose. 3 for 10 cts., 30 cts. per doz., $2.00 per 100.

White (Multiflora alba). 3 for 10 cts., 30 cts. per doz., $2.00 per 100.

Yellow (Cénia intera). 4 for 10 cts., 25 cts. per doz., $1.50 per 100.

Yellow Double (Lutea fl. pl.). 3 for 10 cts., 35 cts. per doz., $2.75 per 100.

Floribunda rosea. Rose-colored. 4 for 10 cts., 25 cts. per doz., $1.00 per 100.

Versicolor. Red, violet and white. 4 for 10 cts., 25 cts. per doz., $1.50 per 100.

Bermuda Buttercups. Greatly improved selection from Oxalis Cornus, grown in the conglom soil and climate of Bermuda until the bulbs have attained great strength, producing bulbs, plants and flowers larger and more luxuriant than the common variety. It is one of the finest of winter-flowering plants for pot culture, of strong, luxuriant growth; one bulb is sufficient for a 6 or 8-inch pot. The great profusion of bloom produced in uninterrupted abundance for weeks is astonishing. The flowers are of the purest bright buttercup yellow. Well-grown plants have produced as high as 70 flower stems at one time, and over 100 flower stems in one season. (See cat.) $1.00 per 100. Mixed, containing a large number of varieties. 3 for 5 cts., 15 cts. per doz., $1.00 per 100. Oxalis sent free by mail.

Herbaceous Peonies.

These are regarded as the flower queens of China, and are the favorites of the upper class in Japan. To be successful in the cultivation of Peonies, plenty of moisture and manure should be given to the plants. Our collection embraces twelve of the most distinct varieties, including the various shades of rose, pink, crimson, scarlet, white and purple. List of varieties and descriptions will be mailed on application. 75 cents each, $8.00 per dozen.

NEW JAPANESE TREE PEONIES.

These are the charming Snowdrop is the first of all flowers to herald the approach of spring. It can frequently be seen in bloom when the ground is white with snow, as it takes every advantage, and hastens to display its graceful snow-white bells before the winter has disappeared. In conjunction with Chionodoxa and Scilla a matchless effect can be produced. As the bulbs are small, they should be planted liberally in order to obtain immediate results. Banks, grassy slopes, edging, or rock work will suit all of these bulbs. They should not be disturbed often if a fine display is desired.

Single Snowdrop (Galanthus nivalis). Pure white graceful bells; early flowering. 3 for 5 cts., 15 cts. per doz., $1.50 per 100. $7.00 per 1000.

Double Snowdrop (Galanthus nivalis fl. pl.). Flowers perfectly double, pure white. 3 for 10 cts., 25 cts. per doz., $1.75 per 100.

Elwes' Giant Snowdrop (Galanthus Elwesi). The largest and most beautiful; flowers snow-white, with emerald green tube. 3 for 5 cts., 15 cts. per doz., $1.00 per 100, $7.00 per 1000.
SPIRÆA, OR ASTILBE.
(Ready in November.)

_Japonica._ A splendid plant for forcing in the greenhouse or the conservatory, where it produces beautiful sprays of silvery white flowers from February till May. It is perfectly hardy, and when planted outside it blooms in June. Strong clumps, 10 cts. each, $1.00 per doz., $5.00 per 100.

_Japonica compacta multiflora_ (Grandiflora). A dwarf, very compact-growing variety, with very large silver-white flowers, nearly twice the size of the preceding. Strong clumps, 10 cts. each, $1.00 per doz., $6.00 per 100.

_Japonica aurea reticulata._ Flowers pure white, in large clusters, foliage beautiful green, elegantly veined with yellow; very handsome. 15 cts. each, $1.50 per doz.

_Astilboides._ A valuable variety for forcing, of dwarf habit and very free-flowering. 10 cts. each, $1.00 per doz.

_Astilboides floribunda._ New improvement on the common Astilboides; large, pure white plumes, with bright foliage, more free flowering than other varieties. (See cut.) 15 cts. each, $1.50 per doz.

_Palmata_ (Astilbe rubra). One of the most striking and beautiful hardy plants in cultivation; bright crimson flowers, charming when forced. 15 cts. each, $1.50 per doz.

Spiræas can only be sent by express or freight.

Sparaxis.

A beautiful class of bulbs, allied to the Ixias, and requiring the same treatment, producing spikes of flowers of the most exquisite and brilliant colors. Mixed varieties. 2 for 5 cts.; 20 cts. per doz., $1.25 per 100.

TROPAEOLUM.

_Jarvattii._ Graceful climbing plant for pot culture, producing richly colored flowers of scarlet, yellow and black, in the early winter months. 15 cts. each, $1.50 per doz.

VALLOTA.

_Purpurea_ (Scarborough Lily). A valuable free-flowering summer and autumn blooming Amaryllis; color, rich red. It does well planted in the open ground in May, and when in bud can be potted and removed for conservatory or window decoration. It is one of the few really good window plants. 5 cts. each, $3.50 per doz.

TRITELEIA.

_Unitiflora._ Spring Star Flower. A pretty little plant, suitable either for pot culture or open border, grows about 6 inches high and bears star-shaped flowers of a delicate blue white; fragrant. 3 for 5 cts., 15 cts. per doz., $1.00 per 100.

ZEPHYRANTHES
(Zephyr Flowers, or Fairy Lilies).

Beautiful dwarf bulbous plants, very effective for planting out in masses in May, flowering with great profusion during the summer. They are also most suitable for pot culture. 6 to 12 bulbs clustered in a 6-inch pot in the autumn will give a fine display during the winter 1 foot high.

_Albula._ Pure white.

_Rosea._ Large rose-colored flowers. 5 cts. each, 40 cts. per doz., $3.00 per 100.

Bulbs and Tuberous-rooted Plants. A new book by the well-known horticultural writer, C. L. Allen; gives full directions for their cultivation, Price, $2.00, postpaid.

Bowker's Ammoniated Food for Flowers.

A dressing made expressly for plants grown in the house, garden, or conservatory, clean, odorless, and producing early and abundant blossoms of rich and brilliant color, and healthy, luxuriant plants, free from vermin.

It is made expressly for flowers grown in the house, garden or conservatory, and contains the same plant food as stable dressing, but in a cleaner and more soluble form. Full directions with each package.

Small package, 15 cts. (by mail 20 cts.); large package, 25 cts. (by mail 40 cts.); 5 lb. bag, 50 cts., 50 lb. bag, $3.50.
LILIES

To the lily must be awarded the first place amongst hardy bulbs; their beauty and fragrance are unequalled by any other class of plants, and even surpass the richest exotics for size, form and coloring. The genus embraces a vast number of species; we, however, confine our list to such as are of easy culture and give the best results with the least care. They should be planted deep, covering the bulb with at least 6 inches of soil, and when hard frost sets in, 4 to 6 inches of leaves or litter should be placed over them; this should be removed in spring, when danger from hard frost is past. The soil best suited for them is a deep, light loam, enriched with thoroughly decomposed cow manure; but good results may be had in any good garden soil. They do grandly in a semi-shaded position, or planted among shrubbery, and in all cases it is well to mulch around the roots. A great many cases of failure with Lilies can be traced to their being planted at the wrong time. We believe that fall planting is much better than spring, and in each case the sooner they are planted after maturity the better.

Candidium, Harrisii and Longiflorum are mature in August, and the others, with one or two exceptions, in October. Many sorts, including the magnificent Japanese varieties, Auratum, Kramerii, Longiflorum and Speciosum, are now offered at such low prices that liberal plantings can be made at little expense; it is only when planted in clumps of a dozen to a hundred that they show to the best advantage.

Culture in Pots. When grown in pots, the best soil is sandy peat, but they will flower finely in a rich, light mixture. It is advisable to begin with the smallest size pot in which the bulbs can be placed, and to shift into larger pots as the plant progresses, and until the flower buds appear, when, of course, no further shifting should be done. A cool temperature suits them best, and the plants should be liberally watered during the period of growth and flowering.

If wanted by mail, add 5 cts. each to the price of Lily Bulbs for postage.

LILIUM AURATUM (Golden Banded Lily).

Of all the Lily tribe, this is undoubtedly one of the finest, whether we regard its size, its sweetness, or its exquisite arrangement of color. Its large and graceful flowers are composed of six petals of a delicate ivory white color, thickly studded with chocolate crimson spots, and striped through the centre a golden yellow. From 6 to 20 flowers are produced on a stem, and as the bulbs acquire age and strength, the flowers increase in size and number. It is perfectly hardy, and thrives best in a moderately dry, rich loam where the water does not lie in winter. Good drainage is necessary to the successful growing of this Lily. Plant 6 inches deep, and cover lightly during winter.

LILIUM CANDIDUM (Annunciation Lily).

This is one of the best-known and most popular of garden Lilies. The flowers are pure snow white and very fragrant, borne on long stems, and often exceed in number 25 to each bulb. It is also a valuable variety for forcing, being largely used by the florists for this purpose. Large bulbs, 10 cts. each, $1.00 per doz., $5.00 per 100.

Batenanunie. A Japanese Lily, growing from 3 to 4 feet high, and producing bright, apricot-tinted flowers. 15 cts. each, $1.50 per doz.

Brownii. Very fine, large flowers, trumpet-shaped; internally pure white, externally purplish brown. 25 cts. each, $2.50 per doz.

Canadense flavum. A beautiful, pure yellow variety of our native Canadian Lily. 15 cts. each, $1.50 per doz.

C. rubrum. Bright crimson, with dark spots. 15 cts. each, $1.50 per doz.

LILIUM HARRISII (Bermuda Easter Lily).

This magnificent Lily is undoubtedly the best for winter forcing, as it comes quickly into bloom and produces flowers in the greatest abundance. The flowers are trumpet-shaped, pure white, gracefully formed and deliciously fragrant, and if cut when partly opened will last in perfection for 10 days or 2 weeks. The bulbs should be potted in early fall in rich soil, and the pots plunged in sand, where they should be allowed to remain until the approach of cold weather. The aim should be to prevent the tops starting until the roots have become strong and vigorous, when they may be brought in and placed in gentle heat. It can be forced into bloom at any desired time, and the freedom with which the flowers are produced is truly remarkable; even the smallest bulbs will bloom. For outdoor planting it is very desirable, as it is hardy with slight protection, easy of culture, and one of the finest plants for garden or cemetery decoration.

Mammoth bulbs, 11 to 13 inches in circumference, 50 cts. each, $5.00 per doz.

LILIES—Continued.

Elegans Incomparable. Intense deep red, one of the richest of this easily-grown group; 15 cents each; $1.50 per doz.

Elegans (Umkellosa). This class includes some of the most beautiful Lilies; flowers erect, borne in clusters; colors of the richest hues of yellow and red; fine for planting in masses. Mixed varieties. 10 cts. each, $1.00 per doz.

Excelsum. This remarkable Lily attains a height of 5 to 6 feet; it produces from 8 to 12 nodding, rich spricot-hued blooms; very sweet-scented. 40 cts. each, $4.00 per doz.

Giganteum. A splendid species of gigantic growth and very distinct; the stems grow 6 to 10 feet high, and frequently bear 12 to 20 large flowers 5 to 6 inches long; color creamy-white, with a purple throat; blooms in the summer. Immense bulbs. $1.75 each.

Humboldtii. A very fine variety, a native of California, growing from 8 to 10 feet; flowers orange-red, with chary-colored spots. 25 cts. each, $2.50 per doz.

Kramerii. Distinct from all other Lilies; large flowers, of a soft, beautiful rose color. (See cut.) 20 cts. each, $2.00 per doz.

Longiflorum (Bermuda-grown). This well-known beautiful variety is also widely used for forcing for the Easter holidays. Its flowers have more substance and last longer in bloom than the Bermuda Lily. It is quite hardy and beautiful in the open ground, blooming in June and July. Flowers snow white, trumpet-shaped, and very fragrant. Each, $1.00; Doz., $10.00.

Extra “ “ 7 to 9 in... 15 1 50 10 00
Mammoth “ “ 9 to 11 in... 25 2 50

Longiflorum Eximium. A Japanese variety said to be an improvement on Longiflorum. Each, $1.00; Doz., $10.00.

Extra “ “ 8 to 9 in... 12 1 25 7 50
Mammoth “ “ 9 to 10 in... 15 1 50 10 00

Pardalilium. Scarlet, shading to rich yellow, spotted with purple-brown; 8 feet; blooms in July and August. 15 cts. each, $1.50 per doz.

Philadelphicum. Bright orange-red, spotted with purple; height, 1 to 3 feet; blooms in mid-summer. 10 cts. each, $1.00 per doz.

Superbun. A beautiful native variety; color yellowish-red, spotted. 10 cts. each, $1.00 per doz.

The cultivation of Lilies is fully described in C. L. ALLEN’S new book, "Bulbs and Bulbous Plants.”

Price $2.00, postpaid.

LILIUM SPECIOSUM

(Lanetifolium)

The varieties of Liliun Speciosum comprise the most important group of any one species. They are of easy growth, and can always be relied upon to give satisfaction to the buyer. The flowers are very beautiful, showy and distinct, and exquisitely fragrant. Magnificent as border plants, they are also excellent for pot culture.

Speciosum Album. Large white flower of great substance, with a Greenwich band running through the center of each petal; very fine. 15 cts. each, $1.50 per doz.; extra large bulbs, 25 cts. each, $2.50 per doz.

S. Rubrum. White, heavily spotted with rich crimson spots. 10 cts. each, $1.00 per doz.; extra large bulbs, 15 cts. each, $1.50 per doz.

S. Roseum. White, shaded and spotted with rose. 10 cts. each, $1.00 per doz.; extra large bulbs, 15 cts. each, $1.50 per doz.

S. Melpomene. Very large flowers, rich blood-crimson, heavily spotted. 15 cts. each, $1.50 per doz.

Tenuifolium (Coral Lily). One of the earliest and best of Lilies; it bears in profusion medium-sized flowers of perfect form and of a dazzling orange-scarlet. 20 cts. each, $2.00 per doz.

Tigrinum (Tiger Lily). Orange salmon, spotted with black. 10 cts. each, $1.00 per doz.

T. Splendens (Improved Tiger Lily). Very large flowers; orange-salmon, spotted black; 3 to 5 feet. August. 10 cts. each, $1.00 per doz.

T. Flore Pleno (Double Tiger Lily). Orange-red, spotted with black; double, showy flowers. 10 cts. each, $1.00 per doz.

Wallacei. Flowers rich vermillion-orange, spotted with raised maroon dots; autumn-flowering; thrifty grower, and highly satisfactory. 15 cts. each, $1.50 per doz.

The above prices include post, if required.
PLANT DEPARTMENT.

Winter-Flowering and Decorative Foliage Plants for the House and Conservatory.

Our stock of Decorative Plants is the most extensive in the country, and we are in a position to give the very best value, stock being all in prime condition. In winter-flowering plants, only varieties which have been specially grown for this purpose are offered in this catalogue, insuring good results. For a complete list and full description, please see Dreer’s Garden Calendar, 1897.

NOTE.

Our measurements of plants where given, as in the case of Araucaria, Palms, etc., etc., mean the height of the plant from the top of the pot to the top of the plant in its natural position.

ABUTILONS.

Well known and popular winter-flowering plants of easy culture. Our collection embraces nine choice varieties, consisting of all the leading colors, such as white, yellow, crimson, scarlet, variegated, etc. 10 cts. each, or the set of nine varieties for 75 cts.

ANTHURIUM (Flamingo Flower).

Andreamum. A beautiful plant, with large, brilliant scarlet flowers of a leathery texture. They remain in perfection for weeks. Strong plants, $1.50 each.

Scherzerianum. One of the most striking, producing beautiful brilliant scarlet flowers, each of which remains from two to three months in bloom. $1.00 each.

Grande. Foliage bright, rich velvety green, principal veins elegantly banded with silvery white. When young, the leaves are of a violet rose color, beautifully marked. $1.50 each.

ALLAMANDA WILLIAMSHII.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are of a very rich yet delicate tint of yellow, and are deliciously scented. 25 cts. each.

ARALIA.

Sieboldii. A most excellent hou-e plant, having large, deeply cut foliage, which is of a bright cheerful green color. 25 cts. each.

Sieboldii variegata. A pretty, variegated form of the above. 75 cts. each.

Chambrieri. A most graceful species with finely-divided bronze-green foliage; useful table plants. 18 inches high, $1.50 each.
CHINESE AZALEAS.

These beautiful plants are deservedly becoming more popular every season for window and conservatory decorations. The ease with which they can be grown, their diversity in color, and freedom of flowering, will always keep them in public favor.

The plants we offer are all beautiful trained specimens, and even when not in flower are fine decorative plants. Our collection comprises the cream of the best Continental establishments; all the sizes offered will flower freely in proper season.

Our collection embraces all the leading colors, including crimson, white, rose, pink, variegated, blood-red, etc., etc.

First size, 30 to 45 ins. in circ., $1.50 each, $15.00 per doz.
Second " 36 " 70 " 1.00 " 10.00 "
Third " 30 " 75 " 7.50 "
Good bushy young plants, 50 " 5.00 "
An extra fine lot of specimen plants, 5 to 6 feet in circumference, $5.00 each, $50.00 per doz.

ASPARAGUS.

Sprengeri. A most desirable new species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets; the fronds are frequently four feet long, are of a rich shade of green and most useful for cutting, retaining their freshness after being cut for weeks. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any position. We consider this one of the best house plants introduced for many years. 25 cents each; $2.50 per doz.

Plumosus Nanus. This graceful climbing Asparagus has to a great extent taken the place of the once popular Sprengeri in all fine decorations. It possesses the advantage of being much more graceful, its foliage being finer than that of the most delicate fern, and will last for weeks after being cut, the whole plant being of a bright, cheerful green. It is an excellent house plant, succeeding under almost any conditions. 25 cents and 50 cents each; $2.50 and $5.00 per doz.

Tenuissimus. A beautiful species of climbing habit. Remarkable for the extreme delicacy of its foliage. As a decorative plant for contrast with the foliage of other plants it is one of the most effective. 25 cents each; $2.50 per doz.

PRICE. Any of the above, 15 cents each; Set of 6 varieties, 75 cents.
BOUVARDIAS.

Shrubby plants, with corymbs of white, rose, crimson and scarlet flowers, blooming during the autumn and winter. Their dazzling richness of color makes them one of the most useful of our winter-blooming plants.

Alfred Neuner. Flowers composed of three perfect rows of petals of the purest waxy white color.

Davidsoni. The best of the single white varieties; sometimes delicately tinged with pink.

Elegans. A fine single red variety; very free-flowering.

Rosea multiflora. Beautiful shade of salmon rose; very free-blooming.

PRICE. 25 cts. each, $2.50 per dozen.

CAMELLIA JAPONICA.

Fine bushy plants 15 inches high. A choice assortment of 12 varieties, 75 cents each, $7.50 per dozen.

DOUBLE WHITE CAMELLIA.

Large plants 24 to 28 inches high, $2.00 each, $20.00 per dozen.

CAREX JAPONICA VARIEGATA.

An exquisitely graceful new Japanese grass with slender green foliage edged with white. It is extremely easy to grow and makes a most excellent plant for house culture. 15 cts. each; 4 for 50 cts.

SELECT LIST OF CARNATIONS

The following list embraces the cream of the standard and well-tried varieties, together with the best of the new introductions:

Ann H. Lousdale. This variety has the same general characteristics as Della Fox, but is of a pure white color.

Arzinzindy. Color is pure white, very lightly pencilled with scarlet.

Abundance. A unique pink Carnation, it is a dwarf, slender grower. Color salmon pink, approaching red.

Alaska. Very pure fine large white.

Anna Webb. A fine crimson, deeply fringed, of medium size, and branching habit; those very full; a free, continuous bloomer.

Buttercup.
Rich golden yellow, with a few streaks of clear carmine. The florets are full and very double, from 2 to 3 inches in diameter.

Chester Pride. White, penciled rosy carmine; large.

Daybreak. A very delicate shade of pink, admired by all.

Della Fox. A variety of great merit, being on the style of the popular Daybreak, but darker in color, with stems 24 inches long; one of the strongest growing and freest flowering.

Flora Hill. This grand White Carnation has made a sensation wherever shown; stems long and moderately stiff, calyx strongly, very free in bloom, perfecting grand flowers.

Helen Keller. One of the finest fancy varieties yet introduced, pure white, heavily pencilled with scarlet; a fine large-flower.

Lizzie McGowan. An elegant white variety, large, full and very attractive, Prolific and fragrant.

Mrs. Henry M. Stanley. A sport from Buttercup, of a rich terra cotta, shading into yellow and red.

Mme. Diaz Albertini. A persistent free flowering variety of exceptional size and build. Flowers very large, round and full. Color light flesh pink, with a strong clove fragrance.

Opheilia. A large perfect shaped flower of a rich pink color.

Portia. Finest rich scarlet.

Princess Bonnie. Light pink ground prettily marked with a darker shade.

Sweet Briar. Pink, between Daybreak and Grace Wilder in shade, a strong healthy grower, an early, free and continuous bloomer, flowers fragrant, of good size and form, and borne on long stiff stems.

Thomas Cartledge. A beautiful carmine. Vigorous grower, early to come in flower; extremely prolific.

The Start. A most brilliant scarlet variety, flowers very large, a free prolific bloomer.

Triumph. Color is a pure pink, of yellowish tinge, and never shows a touch of purple; one of the very largest blooms that we know of; stem perfectly erect, and from 2 to 3 feet long. Has a strong calyx that never bruises; is very prolific, and responds to very ordinary culture; a strong, heavy grower.

William Scott. Growth vigorous, very free blooming, flowers large and never bursting; of a rich pink color; stems very long, holding the flowers erect.

PRICE.—Any of the above strong field-grown plants, 35 cents each; $2.50 per dozen; $15.00 per 100.
CROTONS.

Our collection of this beautiful class of ornamental foliage plants embraces twelve of the most distinct, high-colored varieties. As a pot plant for the conservatory or window-garden, they have always been favorites. $3.00 per dozen.

CYCLAMEN PERSICUM GIGANTEUM.

A charming green-house bulb, which succeeds admirably in the house. Strong plants, $2.00 per dozen.

CYCAS REVOLUTA (SAGO PALM).

These are magnificent plants of noble and majestic habit, and most impressive. They are probably the most valuable decorative plants grown, both for lawn and house decoration; their heavy glossy, deep green fronds resist alike the gas, dust and cold, to which decorative plants are frequently exposed. We grow an immense stock of them, and have this season an exceptionally fine lot in popular sizes for house decoration.

</table>

Specimen plants, sizes of which will be given on application, $7.50, $10.00, $12.50, and $15.00 each.

Small plants with one and two leaves, 25 cts. each.

SNOW CREST DAISY.

A new, distinct variety, with flowers of gigantic size and of a pure white color, and having stout stems 6 to 8 inches long. It makes an admirable hardy garden plant, or may be forced for cut flowers under the same treatment as violets. Ready in October. 10 cts. each, $1.00 per dozen.

CLIVIA MINIATUM (Imantophyllum).

A pretty lily-like plant, of the easiest culture, and a most desirable house plant. It flowers during the spring and summer months, remaining in bloom for a long period. The flowers are about 2 inches long, and are borne in dense clusters of from 10 to 20 flowers on each. In color it is a fine orange-red, shading to buff. We offer strong plants at 75 cts. each.

CLERODENDRON BALFOURI.

A beautiful green-house climber, and admirably suited for house culture, flowering most profusely with bright scarlet flowers, enveloped in a creamy white calyx. 15 cts. each.

CYPERUS PAPYRUS (Egyptian Paper Plant).

This makes a most desirable pot plant for the window-garden or conservatory. The stems are triangular and are surrounded by a tuft of long, thread-like leaves, which gives the plant a graceful and striking appearance. 25 cts. each.

CYPERUS ALTERNIFOLIUS (Umbrella Plant).

An excellent plant for growing in water or damp places; will thrive in any good soil, and always presents a green and attractive appearance. 15 cts. and 25 cts. each.

CYPERUS ALTERNIFOLIUS GRACILIS.

This is a new variety of the popular Umbrella Plant, with very narrow foliage, which makes it a much more desirable, graceful plant. It is most useful, either as an aquarium plant or as an ordinary house plant, succeeding under almost any condition. 20 cts. each, 6 for $1.00.

CINERARIA.

Dreer's Prize Strain.

Our strain of Cineraria cannot be surpassed either for size of flowers or beauty of color. Many of the blooms measure 2 inches in diameter, and none will be smaller than a silver dollar. We have received very flattering reports from florists and private gardeners of their success with our Cinerarias. Fine young plants ready October 15th.

10 cts. each, $1.00 per doz.
DRACÆNAS.

Amabilis. Green, white and pale violet. 50 cents and $1.00 each.
Alba Marginata. Broad green foliage. White margin. 50 cents each.
Braziliensis. Massive rich green foliage; 30 cents and 50 cents each.
Bruanti. Dark green foliage. 50 cents and $1.00 each.
Fragrans. Magnificent bold green foliage. 50 cents and $1.00 each.
Gracilis. Narrow green foliage, edged red. 50c. each.
Lindenii. Broad green foliage. Striped golden yellow. 50 cents and $1.00 each.
Masangeana. Similar to above, but with variegation instead of on edges. 50c. and $1.00 each.
Sanderiana. Green-edged white. 50 cents each.
Terminalis. Rich crimson foliage marked with pink and white. 30 cents to 50 cents each.
Youngi. Light green, changing to copper. 50 cents to $1.00 each.

EUCHARIS AMAZONICA.

A splendid hot-house plant; it sends up stalks bearing several pure white, star-shaped flowers 4 inches across; delightfully fragrant. 30 cents each.

FICUS.

Elastica. The well-known India Rubber Tree, one of the very best plants for table or parlor decoration. Its thick, leathery leaves enable it to stand excessive heat and dryness. Each

<table>

Elastica variegata. This is one of the finest decorative ornamental foliage plants of late introduction. In habit and growth it is like the ordinary F. elastica, but the leaves of this novel plant have a pleasing yellow variegation throughout. Five plants, 4-inch pots, 10 to 12 inches high, $1.00 each.

Repens. A trailing or creeping variety, with small foliage; useful for baskets. 25 cents each.

FARFUGIUM GRANDE.

A beautiful ornamental foliage plant either for pot culture or for planting in open border in a shaded position; the leaves are 8 to 10 inches in diameter, of a thick leathery texture, dark green in color, with bright yellow spots. 25 cents each; $2.50 per doz.

GARDENIA FLORIDA (Cape Jessamine).

A popular well-known plant, with delightfully fragrant pure white flowers, blooming from May to July. 25 to 50 cts. each.

GENISTA FRAGRANS.

A most desirable spring-flowering plant, producing its fragrant bright golden-yellow flowers in the greatest profusion; as a window plant of the easiest culture it is unsurpassed. 50 cents each; 4 for $1.00.

GERANIUMS.

Of this useful class of plants we offer a large selection, either single, double or variegated. For list, please refer to spring catalogue. 15 cents each; $1.50 doz.

HELICONIA AUREA STRIATA.

A grand decorative plant for the warm conservatory, with large oblong leaves of a deep glossy green, marked by curving parallel veins of yellow. $1.50 each.

HELIOTROPS.

Six finest varieties, embracing all the best light and dark shades. 15 cts. each; $1.50 per doz.

FERN FOR JARDINIERES AND FERN-DISHES.

We grow annually over a million of Ferns especially for this purpose, and can supply them in quantities of not less than 25 at the rate of $8.00 per 100 for 2-inch pots, or $10.00 per 100 for 3-inch pots, the selection of varieties being left to us.
See pages 44 and 45 for Bronze, Bamboo and Porcelain Fern-Dishes.
No collection of plants is complete without Ferns. The selection we offer embraces the best varieties of this beautiful class of plants, whose diversity and gracefulness of foliage make them peculiarly fitted to combine with other fine plants and flowers.

The popularity of Ferns has increased wonderfully in the past few years, and they are now indispensable in all choice floral decorations, and are especially valued for ferneries, for room and table decoration.

Where there are moisture and shade most of the varieties succeed well when planted out-of-doors; they delight in a light soil mixed with sand and peat or loof mould; good drainage must be provided, as stagnant water is fatal to success.

**Adiantum Cuneatum.** This is the popular Maiden-Hair, a variety too well known to require description. We offer fine plants at 15, 25 and 50 cts. each.

**A. Decorum.** A companion plant to A. Cuneatum, with somewhat larger, heavier foliage of a bronze-green color, 15 and 25 cts. each.

**A. Farleyense.** This grand variety is a queen among all Ferns, and especially so among the Maiden-Hair varieties; it is not of quite as easy culture as the other varieties, but is well worthy of the extra care or attention that it requires. The foliage, which is larger than in most species, is disposed of in large gracefully drooping fronds, which, in the young stage, is of the most varied and delicate bronzy hues, which, when mature, assume a deep rich green; the entire plant is of the most graceful appearance. Fine plants, 50 cts. to $1.00 each; specimen plants, $1.50 to $2.00 each.

**Alsophilla Australis.** The most rapid growing of all the tree-ferns. Of very easy culture. 25 cts. each.

**Cibotium Schiedei.** A scarce and beautiful tree-fern, that is rarely offered at popular prices. We have succeeded in growing a fine large stock of this variety, which we offer at 50 cts. and $1.00 each for fine, strong plants; specimens at $2.50 to $5.00 each.

**Cyrtomium Falcatum.** One of the most useful varieties for house culture, with large, glossy foliage, on which account it is commonly called Holly Fern. 15 and 25 cts. each.

**Nephrolepis Cordata Compacta.**

**Davallia Stricta.** One of the finest Ferns in cultivation, whether for growing as a decorative plant in the room or planting out; the fronds are of strong texture and of a beautiful shade of green.

**Davallia Fijienis Plumosa.** A charming evergreen Fern, with gracefully arching fronds. 25 to 50 cts. each.

**Microlepa Hirta Cristata.** One of the prettiest house Ferns in cultivation, the foliage, which grows from 18 to 24 inches long, is of a light, pleasing green, gracefully arching, the ends being divided into many tasseled heads; exceedingly graceful. (See cut.) 25 cts. each.

**Nephrolepis Exaltata.** This is the popular Boston Sword Fern, the true long-leaved variety which is used so extensively in the Eastern States; a most useful house Fern. 25 and 50 cts. each.

**N. Davalleoides Furcata.** A beautiful and distinct crested variety, with numerous arching fronds 3 to 4 feet long. 50 cts. to $2.00 each.

**N. Cordata Compacta.** In our estimation this variety is the finest of all the Sword Ferns. As a fern for house culture or for window-gardening, we do not know of any other variety that would give the same satisfaction. (See cut.) 25 cts., 50 cts. and $1.00 each.

**Pteris Argyrea.** One of the most useful ferns for all purposes; large, bold foliage, with broad band of white through the centre of each frond. 15 and 25 cts. each.

**P. Cretica Albo Lineata.** A pretty, dwarf, variegated variety. 15 cts. each.

**P. Ovata.** A strong-growing variety of a compact habit, with dark-green fronds of easy culture. 15 to 25 cts. each.

**P. Tremula.** A well-known, strong growing variety; one of the very best for house culture. 15 to 25 cts. each.

**P. Cretica Mayi.** A beautiful dwarf-crested or tasseled form of *Pteris Cretica Albo-lineata*, showing the same variegations as that variety, but of dwarfer habit. 15 to 25 cts. each.

**Sitalobium Cinctum.** A fine variety of easy culture, producing large fronds; well adapted to decorative purposes. 15 to 25 cts. each.

---

We will furnish one good, strong plant of each of the above 18 select varieties that will make a good show at once, for $2.50. We will furnish 75 distinct varieties of Ferns, which will make one of the most interesting collections, for $10.00.
Justicia "Velutina."

This new dwarf variety, so highly praised by Mr. Louis de Vil-morin in the Reue Horticole, is really a much finer and dwarfer plant than our engraving made from an imported specimen, suggests. Everyone knows the tall, lanky, straggling habit of the old Justicia Rosea. This new sort, which is now grown so extensively by Parisian florists, begins to bloom when the plant has only three or four leaves, and is never out of flower afterward. If pinched back occasionally it makes a very dwarf, stocky plant, frequently covered with 20 to 50 large pink flower-heads, lasting a long time. The foliage is also more persistent and highly ornamental, being heavy in texture and very velvety. 30 cts. each, $3.00 per doz.

Jasminum.

Jasminum Gracillimum. Exceedingly floriferous; a flowering shoot is produced from every joint, which terminates in a dense cluster of pure white, fragrant flowers; in bloom from October to February. 30 cts. each.

Jasminum Grandiflorum (Star Jasmine or Catalonian Jasmine). This variety is an old favorite and undoubtedly the most satisfactory for general culture; it flowers almost the entire season, and is especially valued as a house plant in winter; pure white, deliciously scented. 20 cts. each.

Jasminum, Grand Dulce. Large, double white, imbricated flowers; fragrant, 30 cts. each.

Jasminum Sambac. Creamy white, fragrant flowers. 30 cts. each. Set of four varieties, one of each, $1.00.

Lapageria.

Most beautiful greenhouse climbers, bearing large, pendulous waxy flowers. Lapageria Rosea. Rich crimson, $2.50 each. Lapageria Alba. Pure waxy white. $4.00 each.

Linum Trigynum.

An old plant which should receive more attention. An early winter-flowering plant it is simply indispensable; its brilliant orange flowers are produced so profusely as to completely cover the plant, making it look like a golden ball; it is of easy cultivation and a most desirable house plant. 25 cts. each, $2.50 per doz.

Magnolia Fuscata (Banana Shrub).

A most desirable greenhouse shrub, succeeding admirably as a window plant. It produces its small flowers in the greatest profusion during late winter or early spring months. These are of the most exquisite fragrance, similar to a ripe banana. 50 cts. each.

Maranta.

Valuable decorative stove plants, remarkable for the richness and beauty of their varied foliage. Mikayano. 50 cts. each. Massangeana. 25 cts. each. Zebrina. 50 cts. each.

Nepenthes (Pitcher Plants).

We grow six choice varieties of these interesting plants. They succeed best planted in baskets suspended from the roof of the greenhouse or conservatory. They should always be thoroughly shaded and furnished with an abundant supply of water. $2.50 to $8.00 each.

Olea Fragrans (Sweet Olive).

An old favorite greenhouse shrub, succeeding admirably as a house plant, producing small white flowers, which are of the most exquisite fragrance, continuing to bloom almost the entire winter. 50 cts. each.

Otaheite Orange.

The best of the Oranges for house culture. It is of dwarf, bushy habit, and bears a profusion of fragrant flowers and edible fruit. First Size, fruiting plants, $1.00 each. Second Size, 35 cts. each, 4 for $1.00.

Pandanus (Screw Pine).

Utilis. This is one of the most useful of our ornamental foliage plants; excellent for the centre of vases and baskets, or grown as a single specimen.

Each.

3-inch pots, 8 inches high 
5 " 15 " 
6 " 18 " 

Veitchii. This is one of the most attractive of decorative plants. The leaves are light green, beautifully marked with broad stripes of pure white, and gracefully curved.

Each.

4-inch pots, 12 inches high
5 " 15 " 
6 " 18 " 

WE ARE THE
Largest Growers of Palms
IN THE WORLD

Palms are now indispensable in all decorations, whether for apartments, conservatories or for tropical bedding in summer. The large demand the past few years has induced us to considerably increase our facilities for propagating and growing this class of stock, and we have now thirty-five of our largest houses devoted to their cultivation alone, which enables us to supply all the leading and popular varieties at most reasonable prices. The varieties enumerated below are those best adapted for house culture.

(Height given are from top of pot.)

**Areca Lutescens.** One of the most graceful and beautiful Palms in cultivation; the foliage is of a bright, glossy green, with rich, golden-yellow stems.

**Cocos Weddelliana.** The most elegant and graceful of all the smaller Palms. Its slender, erect stem is free from suckers, and the gracefully arching leaves, made up of innumerable long, narrow pinnae or segments of a rich green color. The Cocos are admirable for fern-dishes, as they are of slow growth and maintain their beauty for a long time. 3-in. pots, 12 inches high, 50 cts. each; 4-in. pots, 15 inches high, $1.00 each.

**CeroxyloN Niveum.** A very rare Palm of imposing habit, large, broad foliage, which is of a silvery white on under side. $3.00 each.

**Livistonia Rotundifolia.** One of the prettiest Palms, especially suited for table decoration. The foliage is similar to that of *Latania Borbonica*, but smaller and gracefully recurved, forming an almost globular plant. Young plants in 3½-in. pots, 4 to 5 leaves, 8 inches high. 50 cts. each.

**LATANIA BORBONICA.**

Chinese Fan Palm. This popular variety is too well known to require description. We grow them in immense quantities. (See cut.)

**Raphis Flabelliformis.** A Japanese variety of easy culture, succeeds in almost any position. The foliage is of a very rich, dark green color; the habit of the plant is to sucker from the base, so that it forms a handsome bushy specimen. 6-inch pot, about 24 inches high, $2.50 each.

**SPECIAL OFFER.** We will send a thrifty young plant each of Areca, Kentia, Phoenix, Latania, and Seaforthia, prepaid, to any address in the United States, for . . . . . $1.00
PEPEROMIA.

Maculosa. A pretty dwarf-growing ornamental foliage plant, exceedingly useful as a pot plant for the window or for planting in baskets or vases; it has thick, fleshy foliage of a bright green color, veined silvery white. 15 cts. each.

Metallica. A new and pretty addition to this class of plants, foliage of a metallic bronzy color. 15 cts. each.

Pittosporum Tobira Variegata.

An evergreen shrub excellent as a house plant, standing the dry atmosphere of a room without injury, with dark green foliage, which is prettily variegated with white; flowers white, fragrant. 50 cts. each.

CHINESE FRINGED PRIMROSES.

Our collection of these well-known winter-blooming plants has been grown from our unrivaled strain of seed, and embraces all the leading shades of color. Strong plants, 15 cts. each; $1.60 per doz.

SANCHEZIA NOBILIS.

A pretty stove plant, with dark green foliage, striped with creamy white. 50 cts. each.

SANSEVIERIA ZEALANICA.

An elegant variegated plant, especially adapted for house decoration, the thick leathery leaves standing the heat and dust of the house with impunity. 15 cts. each.

SMILAX.

A climbing plant, unsurpassed in the graceful beauty of its foliage; its peculiar wavy formation renders it one of the most valuable plants for bouquets, wreaths, festoons and decorations. Can be easily grown in the house. 10 cts. each, $1.00 per dozen, $6.00 per hundred.

SWAINSONA GALEGIFOLIA ALBA.

A most desirable ever-blooming plant, with pure white flowers, produced in sprays of from 12 to 20 flowers each, the individual blooms resembling a Sweet Pea. As a decorative plant for the window or conservatory we know of nothing that will give so much satisfaction. 15 cts. each; 8 for $1.00.

NEW SINGLE VIOLETS.

The varieties offered below are great improvements over the old sorts, which were practically of little use except at such seasons when double flowering sorts were not to be had, while in these new sorts the flowers are of such immense size that they are fully as desirable as the finest doubles, and for freedom of bloom they excel anything heretofore offered.

Admiral Avellan. A French variety with entirely distinct bright reddish flowers, different from anything yet introduced; the flowers, which are produced very freely, are of large size and fragrant.

California. This was sent out as the finest single variety in cultivation. The flowers are very large, borne on long stout stems, which makes it especially valuable as a cut-flower; intensely fragrant and of a clear violet purple color that does not fade out.

Luxanne. Of the same size as the California, but appears nearly double its size, as the petals all open out flat, and has the advantage of flowering continuously from early in September until April. It is of a beautiful rich soft violet purple color, with strong stout stems from 9 to 12 inches long, and very fragrant.

Princess of Wales. Another grand variety, not quite as large as Luxanne and a shade lighter in color; intensely fragrant. Strong field-grown clumps 15 cts. each; $1.50 per doz.; $12.00 per hundred. One each of the 4 double and 4 single sorts for $1.00.

Price, any of the above, 15 cts. each; $1.50 per doz.; $10.00 per 100.

### HARDY PERENNIALS FOR AUTUMN PLANTING.

The following is a select list of the most desirable of the Hardy Perennials. All of these can be planted during the fall months with perfect success. For descriptions, see Dreer's Garden Calendar.

### HARDY VINES FOR FALL PLANTING.

Nothing is more interesting than to watch the development of aquatic plants in an aquarium. We grow large quantities of such varieties as we have found to succeed with the average amateur. The following is a list of the best sorts. Extended descriptions will be found in our Garden Calendar.

- **Azolla Caroliniana** (Floating Moss). Resembling a selaginella or moss. 90c. each.
- **Cabomba viridifolia**. The most pleasing of all the submerged plants, leaves brilliant, glossy green, and more beautiful than the most delicate fern. 15c. each.
- **Cyperus alternifolius**. The well-known "umbrella plant." 15c. and 25c. each.
- **Cyperus alternifolius gracilis**. A new variety, with very narrow foliage, graceful. 20c. each; 6 for $1.00.
- **Eichhornia crassipes major** (Water Hyacinth). 25c. each.
- **Limnionium spongia** (American Frog-Bit). 10c. each.
- **Limnionium Humboldtii (Water Poppy)**. 15c. each.
- **Hemerocallis Fulva**. 10c. each.
- **Placa**. 15c. each.
- **Dunmortieri**. 15c. each.
- **Kwanso Fl. Pl.**. 15c. each.
- **Aquaticum major**. 50c. each.
- **Hencelia Sanguinea**. 20c. each.
- **Hibiscus, (Crimson Eye)**. 15c. each.
- **Hollyhock Double**, 5 Distinct Colors. 20c. each.
- **Lobelia Cardinalis**. 15c. each.
- **Lychnis Viscaria, Alba Plant**. 20c. each.
- **" " Splendens.** 15c. each.
- **Lysimachia Cletroides**. 25c. each.
- **Monarda Didyma**. 15c. each.
- **Canadensis**. 15c. each.
- **" " Roset**. 15c. each.
- **Coneotha** (Evening Primrose), 6 Varieties. 15c. each.
- **Pardanthus Sinensis** (Blackberry Lily). 10c. each.
- **Pinks, Hardy Garden**, 6 Choice Varieties. 15c. each.
- **Phloxes**, 25 Choice Varieties. 15c. each.
- **" " Subulata.** 10c. each.
- **Plumbago Carpatica**. 15c. each.
- **Prunula Vulgaris**. 15c. each.
- **" " Roset**. 15c. each.
- **Rubbecka, Golden Glow**. 15c. each.
- **Sedum Zabaria**. 15c. each.
- **" " Acer.** 10c. each.
- **Silphium Perfoliatum**. 25c. each.
- **Stallie Latifolia**. 15c. each.
- **" " Cucurbita**. 15c. each.
- **Tritoma Uvaria Grandiflora**. 25c. each.
- **Violet, Hardy Double Russian**. 15c. each.

### AQUARIUM PLANTS.

Ludwigia Mullerttii. Small ovate bright-bronzy green leaves, yellow flowers produced above water. 15c. each.

- **Myriophyllum proserpinsacoides** (Parrot's Feather), 15c. each.
- **Myriophyllum verticilatum.** A submerged plant, very desirable for aquariums. 15c. each.
- **Plastia stratiotes (Water Lettuce)**. 15c. each.
- **Sagittaria natans.** A fine aquarium plant. 15c. each.
- **Salvinia Brasiliensis.** A floating aquatic. 15c. each.
- **Stratiotes aloides (Water Aloe)**. A great curiosity and very scarce. (See cut). 25c. each.
- **Vallisneria spiralis (Tape or Eel Grass)**. 15c. each.

Collection of one each of the above 15 Aquarium Plants, $2.00.
POT-GROWN STRAWBERRY PLANTS

While we do not offer a long list of varieties, our stock includes the very best so far as careful selection and test can secure the highest quality. Scores of new strawberries come upon the market every year, of which but few have permanent merit. Each season we add to our list all the better sorts which come forward with well-endorsed claims to public favor, and drop those which have failed to fulfill the claims made by their friends.

All of the varieties offered below are fully described in our “Mid-Summer Catalogue,” a copy of which will be mailed free on application.

NEW VARIETIES—Offered for the First Time.

Price any of the above

Layer 75 cts. per doz., $6.00 per 100.

EARLY SORTS

MID-SEASON SORTS

Price any of the above

Layer 50 cts. per doz., $3.00 per 100, $25.00 per 1000.

SPECIAL PRICE on large lots of Layer Plants can be given after September 25th.

NOTE. — Pot-grown plants set out this autumn will produce a crop of fruit in June, 1898.

SMALL FRUITS, Etc., For Fall Planting. — READY ABOUT OCTOBER 20th.

BLACKBERRIES.

Blackberries respond generously to good treatment. They prefer a deep soil inclining to sand, but will grow and fruit almost everywhere.

Wilson Junior. The present market favorite near Philadelphia. 50 cts. per doz., $2.50 per 100.

Eric. 60 cts. per doz., $3.00 per 100.

Early Harvest. 50 cts. per doz., $2.50 per 100.

Kittatinny. 50 cts. per doz., $2.50 per 100.

Snyder. 50 cts. per doz., $2.50 per 100.

CURRANTS.

Currants do well in partial shade, but require rich soil and good culture. One of our patrons grows 18 to 20 tons of Currants every year among fruit trees.

Fay’s Prolific. Color rich red; the leading variety for home use or market. 2 years, 15 cts. each, $1.50 per doz., $8.00 per 100.

Cherry. Deep red. 2 years, $1.00 per doz., $6.00 per 100.

Versailles. Bright crimson. 2 years, $1.00 per doz., $6.00 per 100.

White Grape. Best white variety. 2 years, $1.00 per doz., $6.00 per 100.

Black Naples. 2 years, $1.50 per doz., $8.00 per 100.

GOOSEBERRIES.

Gooseberries demand rich soil and good culture. One of the most successful American growers uses a heavy manure mulch around his Gooseberry bushes during the heat of mid-summer. He thus escapes mildew.

Downing. Large; pale green; a popular market berry. $1.00 per doz., $6.00 per 100.

Houghton’s Seedling. Medium in size; pale red in color; recommended for pies. $1.00 per doz., $6.00 per 100.

Smith’s Improved. Large; pale green. 2 years, $1.00 per doz., $6.00 per 100.

Industry. This variety, of English origin, succeeds admirably in the United States, bearing immense crops. 25 cts. each, $2.00 per doz., $12.00 per 100.

Columbus. A new seedling, of the English type; fruit large, oval, greenish-yellow; smooth; foliage glossy; no trace of mildew. Strong plants 50 cts. each, $4.00 per doz.
RASPBERRIES.

There are several remarkably fine new Raspberries on the market, both red and black. Of the newer reds, Miller and Eureka.

**Golden Queen.** Large golden yellow. 50 cts. per doz., $3.00 per 100.

**Glegg.** Large black. 50 cts. per doz., $2.00 per 100.

**Marlboro.** Bright crimson, very firm. 50 cts. per doz., $2.50 per 100.

**Souhegan, or Tyler.** Jet black, of medium size. 50 cts. per doz., $2.00 per 100.

**Brandywine.** Large, bright red. 50 cts. per doz., $2.50 per 100.

**Cuthbert, or Queen of the Market.** Large; deep, rich crimson. 50 cts. per doz., $2.50 per 100.

**Hansell.** Bright crimson; very early. 50 cts. per doz., $3.00 per 100.

**Price.**—Strong selected 2-year-old vines, 25 cts. each; $2.50 per doz.; $15.00 per 100.

**Agawam (Rogers’ No. 15).** Large; dark red; sweet.

**Baccetus.** An excellent black grape; fine flavor.

**Brighton.** Reminisces the Catawba, with the richness of the Delaware.

**Catawba.** Red, sweet and rich, with pleasant musky flavor.

**Champion, or Talman.** Berries large and black.

**Clinton.** Small; black, very sweet.

**Concord.** The most popular grape, succeeds everywhere.

**Delaware.** Light red; sweet, sprightly, fine flavor.

**Diana.** Pale red; sweet, rich and aromatic; late.

**Duchess.** Medium size; greenish white; flesh tender.

**El Dorado.** A very beautiful grape; clear, golden yellow.

**Empire State.** White, fine flavored and productive.

**Jefferson.** Berries large; light red; juicy, sweet.

**Jessica.** White; remarkably early.

**Price.**—Strong selected 2-year-old vines, 25 cts. each; $2.50 per doz.; $15.00 per 100.

**HARDY GRAPE VINES.**

**BLACK VARIETIES.**

**Black Hamburg.** Flesh firm, juicy, and richly flavored; the most useful and popular Grape in cultivation.

**Barbarossa.** Bunches very large, a valuable late Grape; requires heat to ripen properly.

**Gros Colonial.** A very handsome Grape, berries and bunches of enormous size, hang very late.

**Lady Downe’s Seedling:** Flesh firm and sweet; one of the best late Grapes, and an excellent keeper.

**Black Muscat, or Muscat Hamburg.** An excellent early ripening Grape.

**Madresfield Court.** Berries very large, of a rich Muscat flavor, a superb Grape.

All of the above varieties in strong 1-year-old vines, 75 cts. each; $7.50 per doz. Strong 2-year-old vines, $1.50 each; $15.00 per doz., excepting Bowood Muscat and Muscat of Alexandria, which are 1-year-old, $1.50 each; 2-year-old, $2.00 each. Extra strong fruiting vines of Black Hamburg at $3.50 each.

**FOREIGN GRAPE VINES.**

**WHITE AND YELLOW VARIETIES.**

**Bowood Muscat.** A first-class variety.

**Buckland Sweetwater.** A large, handsome berry and bunch, a good bearer, and excellent.

**Chasselas de Fontainebleau.** Rich Muscat flavor.

**Duchess of Bucleuch.** Very large berries and bunches.

**Foster’s Seedling.** A fine Grape, sweet flavor.

**Frontignan White.** Fine white Grape, abundant bearer.

**Muscat of Alexandria.** Flesh firm and rich, berries large, a superb variety, requires heat to ripen.

**Golden Hamburg.** A fine variety, handsome bunch.

**Golden Queen.** Amber, large bunches.

**ASPARAGUS.** Dreer’s Eclipse. $1.00 per 100; $5.00 per 1000.

**Conover’s Colossal.** 75 cts. per 100; $5.00 per 1000.

**Columbian Mammoth White.** $1.00 per 100; $5.00 per 1000.

Our Asparagus Roots are extra strong, two years old, and certain to produce satisfactory results if given proper attention. We especially recommend Dreer’s Eclipse. No finer "grass" reaches the Philadelphia market, and no variety commands a higher price. Asparagus is now forced in early spring. Please see Dreer’s "Vegetables Under Glass." Price, postpaid, 25 cts.

**Horseradish Sets.** 15 cts. per doz. 60 cts. per 100; $5.00 per 1000.

**Rhubarb Roots.** Linneus and Victoria; strong roots 20 cts. each, $2.00 per doz.; small roots 15 cts. each, $1.50 per doz., $10.00 per 100.

**Balsams.** St. Martin’s. New. 30 cts. each, $3.00 per seed.

**Sage.** Holt’s Mammoth. A large-leaved variety; never runs to seed; 15 cts. each; $1.00 per doz.

**Tarragon.** For flavoring. 20 cts. each, $2.00 per doz.

**Sea Kale Roots.** Per doz., $1.50.

**Mint Roots.** 50 cts. per doz., $4.00 per 100.

**Chives.** Per clustering. 10 cts. per clump, $1.00 per doz.

**Hop Vine Roots.** 50 cts. per doz., $2.50 per 100; by mail, 60 cts. per doz.
A FEW SPECIALTIES IN
VEGETABLE SEEDS—For Forcing.

NEW DWARF FORCING BEAN

Triumph of the Frames.
As a forcing variety this sort is entitled to first place. The plant is very dwarf and compact and can be planted closely together; it is wonderfully productive, the pods growing in an almost solid mass beneath the foliage, of exceptional flavor and very tender. Mr. W. F. Massey, of the N. C. Experiment Station, writes us under date of March 11, 1897: “Triumph of the Frames Beans now ready for use and fine crop. Sion House sown same day in same house just in bloom. Yellow six-weeks sown same day in same house just showing flower.” Pkt. 15 cts.; pint 35 cts.; quart 60 cts.

CAULIFLOWER.

DREER’S Earliest Snow-Storm. The earliest and best of all for forcing. It is dwarf, with short outer leaves, and can be planted two feet apart each way; always sure to make large fine heads earlier than any other, and is the market gardener’s favorite. This variety must be kept growing constantly, as it will not stand a check at any period of its growth. Pkt. 25 cts., oz. 50 cts., lb. $18.00.

A GRAND FORCING LETTUCE.
Hitinger’s Belmont Forcing.
An improvement on the Boston Market, larger in size, with well-formed heads of remarkably crisp and tender quality, most desirable for forcing. Pkt. 5 cts., oz. 25 cts., lb. 75 cts.

THE BEST FORCING RADISH.
Cardinal Globe.
This is the very best forcing variety, and is sown largely by market gardeners and truckers. It is of globular shape and brilliant cardinal red color, short top, and will stand a large amount of heat without becoming pithy. Pkt. 5 cts., oz. 10 cts., lb. 30 cts., lb. $1.00

FORCING TOMATO.
Lorillard (Originator’s Stock).
The most satisfactory variety for forcing, always producing good crops of fine bright glossy red fruit of fine flavor. Pkt. 5 cts., oz. 25 cts., lb. 75 cts.
VEGETABLE SEEDS For Forcing and Fall Sowing

For the convenience of our patrons at the South we give an extended list of the leading Vegetable Seeds, to enable them to make their purchases in Fall, their sowing season being nearly over by the time our Spring list is issued.

We would call attention to our new books offered on page 2, especially "Vegetables Under Glass," which give full details for growing all kinds of vegetables through the winter.

Vegetable Seeds mailed free in packages, ounces, or pounds. If Beans or Peas are wanted by mail, add 8 cents per pint, 15 cents per pound, for postage.

BEANS. Plant at the South every two weeks.

DREER'S FAMOUS LAWN GRASS MIXTURES.

A LAWN AT WYNNEWOOD, PA., PRODUCED FROM OUR LAWN MIXTURES.

DREER'S "EVERGREEN" LAWN MIXTURE.

This mixture is the finest in quality; many of the finest private grounds around Philadelphia are sown with Dreer's "Evergreen" Grass. It is adapted to the low ground, cricket table, and especially to partially shaded lawns. We can recommend this mixture for this purpose. It does equally well on exposed surface. 25 cts. per qt. (30 cts. postpaid), $4.50 per bushel of 20 lbs. ($3.50 per bushel of 15 lbs.).

Special prices for large quantities on application.

We are the introducers of the above brands of Grass Seeds. Our mixtures are superior to others offered at a lower price.

DREER'S "FAIRMOUNT PARK" LAWN MIXTURE.

Is a compound of grasses which ripen successively, thereby always presenting a green and cheerful appearance. The mixture we offer has stood the test of years. Dreer's "Fairmount Park" Lawn Mixture is one grade—and that the highest. For Reddish Embankments, Terraces, exposed Lawns, and also for the light Seashore sandy soils. Sow 4 bushels per acre—one quart is sufficient for a plot by 15 feet, or 300 square feet. 20 cts. per qt. (25 cts. postpaid), $4.00 per bushel of 20 lbs. ($3.00 per bushel of 15 lbs.).

GRASS SEEDS FOR LAWN AND FIELD.

We make a specialty of Grass and Clover Seeds, and send out only the varieties best adapted to this country.

All seeds that we offer have been re-cleaned, and will meet the views of the most critical buyers. Our prices are as low as the quality of the seeds will warrant, and should not be compared with low prices quoted for inferior stocks. Samples of Grass Seeds mailed for examination.

If wanted by mail, add 8 cts. per lb. for postage.

CLOVERS.

Prices subject to change without notice.

Crimson or Scarlet Clover. The Crimson Clover has become wonderfully popular both as a pasture and hay crop, also as a green manure for plowing in. It can be seeded at any time from June to October at the rate of 10 to 15 lbs. per acre, and makes the earliest possible spring pasture, blooming the latter part of April or May, and for feeding as hay should be cut when in full bloom. If sown with Italian Rye Grass, which matures at the same time, it yields luxuriant and nutritious crops. Per pound, 8 cts. (by mail, 16 cts.); per bushel (60 lbs.), $3.25; 100 lbs., $5.00.

Red or Medium..........................15 cts. per lb., $9.50 per 100 lbs.
White Dutch, Choice..................20 " 20 00 "
Alfalfa, or Lucerne....................15 " 12 00 "
Alisha..................................15 " 12 00 "

WHEAT, RYE, OATS.

Prices subject to change without notice.

Gold Coin Wheat (Bald). A valuable new variety. The introducer says of it: "Absolutely the heaviest yielding variety of wheat ever placed before the public, yielding on an average 55 bushels per acre—the highest yield being 61 bushels and the lowest 51 bushels. Such a record was never made by any other variety. Has very strong, stiff straw, and will not lodge on the richest land." It stands free and is remarkably hardy; in fact, we have never heard of it being winter killed. The grain is a beautiful pale amber color, and quite distinct from any other sort. Price, 75 cts. per peck; $1.75 per bushel; 10 bushel, $16.00.

Improved Fulz Wheat (Bald). This variety is more widely known in the United States than any other kind, and probably more acreage is sown of this than any other, grows to a medium height, with stiff, strong straw, ripens early, and seldom fails to make a good crop. Peck, 50 cts.; bushel, $1.50; 5 bushels, $7.00.

Jones' Winter Fife Wheat (Bald). The longest headed wheat, and one of the hardest winter wheats known, well adapted for all soils, grows to a medium height, matures medium early, and should be left until fully ripe. Peck, 60 cts.; bushel, $1.60; 5 bushels, $7.50.

Improved Fulcaster Wheat (Bearded). The grains of this variety are the largest of any grown. It takes the place of the old Longberry Red, being a decided improvement. 60 cts. per peck; $1.60 per bushel; 5 bushels, $7.50.

Early Red Clawson Wheat (Bald). The earliest wheat grown, ripening fully a week ahead of any other sort. The straw is short and stocky, withstanding all storms; grain large and excellent for flouring purposes. 60 cts. per peck; $1.00 per bushel; 5 bushels, $7.50.

Thousandfold Winter Rye. In hardness and yield this variety stands foremost, will winter through severe seasons, and produce from 40 to 50 bushels per acre; straw heavy and stiff, of a light-yellow color. Bushel, $1.25; 10 bushels, $10.00.

White Winter Rye. The most popular old sort, stiff straw, and very productive. Bushel, $1.00; 10 bushels, $9.00.

Grey Winter Oats. This variety has been thoroughly tested, has stood the severest winter, is entirely rust-proof, can be sown as late as November 1st. Bushel, $1.00; 5 bushels, $4.50; 10 bushels, $8.50.

**TWO VALUABLE FORAGE PLANTS FOR FALL SOWING.**

**DWARF ESSEX RAPE AND WINTER VETCHES.**

Rape, Dwarf Essex. A forage plant of the highest value. It can be sown in this latitude as late as September, and still later farther South; it is sown broadcast at the rate of 6 lbs. to the acre, but is better drilled, in which case 3 lbs. to the acre are enough. In a few weeks from time of sowing, sheep, hogs or cattle can be turned on it, and all reports agree that they gain weight faster on this than on any other fodder. As it can be sown after other crops have been taken off, the gain in fodder is secured at a merely nominal cost, and the way in which progressive Stockmen, Dairymen and Farmers have taken hold of Rape shows that they fully appreciate its value. No farmer can afford to miss giving it a thorough trial this autumn. 15 cts. per lb.; 10 lbs., $1.00; per bushel (50 lbs.), $1.50; per 100 lbs., $8.00.

Winter Vetches, or Tares (Vicia villosa). Also called Sand, or Hairy Vetch. Another valuable forage plant, which should be sown during September, together with Rye, which serves as a support. It is perfectly hardy in all parts of the country, remaining green all winter, and maturing fully four weeks earlier than Scarlet Clover; it can, therefore, be harvested or plowed under and the ground used for the usual spring crops. It is very nutritious, and all kinds of stock eat it with relish. Sow from one-half to one bushel per acre, together with one-half bushel of Rye. Per lb., 10 cts.; bushel (60 lbs.), $3.50; per 100 lbs., $5.50.
FLOWER SEEDS

— Alba. Pure white, with crimson eye.............. 10 cts.
— Mixed varieties................................. 10 cts.

WALLFLOWER. Double mixed.......................... 10 cts.
— Single mixed.................................... 5 cts.
Japanese Solid Bronze Jardinieres.
A year ago we imported from Japan a small lot of these exquisite vases. As soon as unpacked they were eagerly inspected and many purchased by the art critics of Philadelphia and vicinity; all of whom spoke in the highest terms of the delicate work and beautiful designs. They are made of solid bronze and are indestructible, and far surpass in beauty of lines and richness any porcelain or China Jardinieres. We have commissioned our agent in Japan to ship us another lot and expect they will reach us in October, at which time we cordially invite a personal inspection of the stock. For the convenience of our customers at a distance we illustrate four designs, which give a fair idea of their general appearance. Orders for the same will be filled as near like the design selected as possible, although hardly any two are made exactly alike.

One of these Vases, together with a handsome Palm, forms a combination which for rich effect it would be hard to equal and impossible to exceed.

**KIAO TO BRONZE JARDINIERE.**
A particularly handsome, light-colored bronze, with panels in exquisite relief of mythical animals, flowers, etc. Height 9 in., diameter 9 in., price $6.00 each.

**HOGO BRONZE JARDINIERE.**
One of the finest productions of the bronze-maker's art. Dark bronze, with four panels in relief and ornamental handles and feet. Height 8 in., diameter 8 in., price $1.50 each.

**American Porcelain Jardinieres.**
Beautiful ware, equal to the finest imported. New styles and shapes for 1897.

**Elsmere Royal Blue.** White ground with blue and gold decorations, very rich. 6 in., $1.25 each; 7 in., $2.00 each; 8 in., $2.75 each.

**Valkyrie.** White ground with pale green and gold decorations. 6 in., $1.75 each; 7 in., $2.25 each; 8 in., $3.00 each.

**Delft.** White with blue decorations (see cut). 6 in., $2.50 each; 7 in., $3.50 each; 8 in., $4.50 each.

**English Glazed Jardinieres.**
We annually import a large quantity of these popular jardinieres in all the leading styles—the best of all the cheaper grades and styles, viz: Court, Clarence, Roccoco, Spiral, Albany, etc., in large variety of coloring, such as ox-blood, rose, cinnamon, canary yellow, turquoise blue, olive green, etc. Diameter 5 inches, 50 cts. each; 6 inch, 75 cts. each; 7 inch, $1.00 each; 8 inch, $1.25 each.

**Fern Dishes.**
**Elsmere Royal Blue (Round).** White with blue and gold decorations. 5 inch, $1.50 each; 6 inch, $1.75 each; 7 inch, $2.25 each.

**Valkyrie (Round).** White with assorted decorations. 5 inch, $1.00 each; 6 inch, $1.75 each; 7 inch, $2.25 each.

**Valkyrie (Oval).** White with assorted decorations. 7 inch, $2.00 each; 8 inch, $2.50 each.

**Silver Fern Dishes.**
These are made of the finest plate on white metal, and when filled with small palms and ferns, or with ferns alone, make handsome table ornaments. Round, 7 inch, $2.75 each; 8 inch, $3.25 each; 9 inch, $4.00 each. Oval, 9 inch, $6.75 each. Oblong (see cut), 9 inch, $7.25 each. Filling 7 or 8 inch size, $1.25 each extra: 9-inch size, $1.50 each extra.

**Silver Pots.** Suitable for holding small palms or ferns. Perhaps the best plant for using in these is Cocos Weddelliana, described and offered on page 31. 3 inch, 60 cts. each; 3 1/2 inch, 75 cts. each; 4 inch, $1.00 each.
CHINESE LILY BOWLS.

The Chinese Sacred Lily, or Narcissus, illustrated and described on page 12, is grown in these bowls by the Celestials; their culture is of the simplest, only being necessary to place the bulb and surround with pebbles to keep from falling over. Fill with water and put in a cool, dark place for two or three weeks to become rooted. They may then be brought to the light.

"IMARI" LILY BOWLS.

Fine Japanese ware, highly decorated in red, blue, green, yellow, etc., exceedingly attractive. (See cut.)

6 in. to hold 1 bulb. 20 cts. each.

5 in. to hold 1 bulb. 25 cts. each.

4 in. to hold 1 bulb. 30 cts. each.

3 in. to hold 1 bulb. 40 cts. each.

PEBBLES for filling Lily Bowls, 5 cts. per qt.

JAPANESE FLOWER BASKETS.

These are wonderfully made in intricate designs of bamboo staked dark mahogany, and are what is used by the Japanese artists to arrange cut-flowers in. (See cuts.)

Nos. 1 and 2, together with many other beautiful designs, we can furnish at 50 cts., 75 cts., $1.00, $1.25 up to $2.50 each, according to the size.

No. 3, dark mahogany colored bamboo basket, suitable for ferns; an excellent table decoration; three styles, 75 cts., $1.25, $1.50 each.

HYACINTH GLASSES.

Made in various colors, such as white or clear, blue, green, amber, etc.

Earthenware.

**STANDARD FLOWER POTS.**

The pots we offer are the best, for the following reasons: We are the largest consumers in the country and have made the test. They are smooth, uniform shapes, porous clay, well baked and tough. There is no breakage. They must not be confused with blistered irregular shapes of little better than sun-dried material, perhaps cheaper in the beginning, but dearer in the end. They are full inside measurement, which makes them at least one size larger than by the old way of measuring.

**IMPROVED WHITE CEDAR TREE TUBS.**

Made of white cedar and bound with extra iron-hoops. Drop-handles of special pattern, serving as hooks for carry poles. Substantial iron legs of original design. Removable perforated bottoms. Painted green. *If painted vermillion add 10 per cent.*
FERTILIZERS.

We keep but one grade of Fertilizers and that the highest. Procuring our supplies from honorable houses, we are confident that our customers will receive full value.

Pure Ground Bone. Excellent for restoring and quickening grass plots, gardens, etc. 5 lbs., 25 cts.; 25 lbs., 75 cts.; 100 lbs., $2.25; sacks of 200 lbs., $4.; per ton, $35.

Pure Bone Meal. Ground expressly for our trade. This is decidedly better than ground bone for mixing with plotting soil, as it is much finer and therefore in better condition for giving immediate effect. 5 lbs. for 25 cts.; 25 lbs., 75 cts.; 100 lbs., $2.25; 200-lb. sack, $4.; per ton, $35.

Pure Bone Flour. Ground perfectly fine; an excellent fertilizer for pot plants or for beds where an immediate effect on the growth is wanted. It never fails to produce results. 5 lbs., 25 cts.; 25 lbs., $1; 100 lbs., $3.; bag or bbl. of 200 lbs., $5.; per ton, $40.

Coarse Bone. Ground coarse, for grape borders and poultry. 5 lbs., 25 cts.; 25 lbs., 75 cts.; 100 lbs., $2.25; 200-lb. bag, $4.; per ton, $35.

Dreer's Ammoniated Bone Phosphate. A superior article, made from pure materials, and certain to give satisfactory results. 5 lbs., 20 cts.; per 100 lbs., $2.; sack of 200 lbs., $5.50; per ton, $32.

Pure Clay's Fine Tobacco Nikoteen. Used for animals. 20 lbs., from $1.50 to $40. 2% for plants, 3% for animals. 100 lbs. of these products gives the proper dressings for the plant.

Pulverized Rose Peruvian Coarse Clay's Pot plaster. 20 cts. from $1.50 to $40. Used for making plaster. 100 lbs. of these products gives the proper dressing for the plant.

Tobacco Dust. A preparation of tobacco which is used in growing tobacco plants. It is applied to the soil and is available for the plant.

Peerless Flower Food. Just the thing for pot plants. Full directions on each package. 25 cts. per package; 40 cts. postpaid.

Bowker's Ammoniated Food for Flowers. Made especially for plants grown in the conservatory, house or garden; clean, free from offensive odor. Full directions with each bag or package. Small package, 15 cts.; by mail, 20 cts. Large package, 25 cts.; by mail, 40 cts.; 5 lb. bag, 50 cts.; 50 lbs., $3.50.

Bowl of Pure Ashes. Our unleached Hard-wood Ashes. Indispensable as a lawn-dressing or to apply to orchards. It should be applied late in the fall or early Spring, so that the rains, snows and freezing weather may do their share in making it available. 100 lbs., $1.25; 200 lbs., $2.; per ton, $12.

Insecticides.

Ant Exterminator. A most effectual preparation for the destruction of Ants in lawns and pleasure grounds. Directions for use on each package. Put up in three sizes: 25 cts.; 50 cts. and $1 per package.

Pinner's Tobacco Soap. A convenient and potent specific for destroying insects, parasites, and their eggs, infesting either plants or animals. Per lb., 40 cts.; postpaid, 55 cts.

Nikotene. One of the most economical and powerful nicotine extracts. One part to 600 of water is sufficiently strong to kill all insects except scale, for which use one part to 400 parts water. Quart cans, 50 cts.

Tobacco Stems, for fumigating. Per bbl., 75 cts.; in bales of about 250 lbs., $2.; per ton, $12.

Whale Oil Soap. In 1, 2 and 5 lb. boxes, with directions, 20, 35 and 50 cts. Bulk, 10 lbs., 85 cts.; 100 lbs., $7.50.

Persian Insect Powder. For destroying Roaches, Ants, Fleas, and all other noxious insects 1 lb., 40 cts.

Tarble Acid Soap. Kills and drives away all insects that infest animals and plants. With directions. Per cake, 10 cts.; by mail, 15 cts.

Pure Pot Green. For destroying potato bugs and other insects. Directions for use with each package. 25 cts. per lb.; by mail, 40 cts.

London Purple. One of the best insecticides for spraying trees, etc. Full directions on each package. Lb., 30 cts.; postpaid, 35 cts.; 10 lbs., $1.50.

Grape Dust. A preparation for destroying Mildew on Grape Vines. Can also be used on plants or trees affected with Mildew or Rust Mites, either in greenhouse or the open air. Apply at the first appearance of trouble. Dust on a warm, dry day. 5 lb. package, 30 cts.

Olsburn's Compound. Used for preventing and destroying Green Fly, Mildew, Thrip, Mealy Bug and Scale. Per box, 50 cts.; by mail, 75 cts.

Hellebore, Powdered White. For the destruction of Slugs, Worms, Caterpillars, etc. Less poisonous than Paris Green and London Purple, and safer to use when fruits or vegetables are nearly ripe. Price, 25 cts. per lb.; or by mail, 40 cts.

Little's Antpest. A sure destroyer of the Scale, Woolly Aphids and insect pests of any and all descriptions. It may be freely used in the conservatory, garden and greenhouse as in the orchard or vineyard. It is non-poisonous and harmless to vegetation when diluted and used according to directions. 1 qt. can, 75 cts.; ½ gal can, $1.50; 1 gal. can, $2.50; 5 gal. can, $10.00.

Soluble Fir Tree Oil. For destroying insects and parasites. Full directions with each can. ½ pt., 50 cts.; pt., 75 cts.; qt. $1.50; ½ gallon, $2.75; gallon, $5.

Lemon Oil. A sweet-smelling, milk-white, soapy wash. It destroys Mealy Bug, Scale, Thrips, Red Spider, Black and Green Fly, Caterpillar, etc. Directions on can. ½ pt., 25 cts.; pt. 40 cts.; qt., 75 cts.; ½ gal., $1.50; 1 gal., $3.00; 5 gal., $5.00.

Four Grand Bedding Tulips.
